GERMAN TROOPS ATTACK LETTISH ARMY AT RIGA

London, Oct. 11.—According to a dispatch from Riga to the Lettish information bureau, British and French warships in the harbor of Riga have cleared for action on account of the attack by German troops under the command of General Von Der Goltz on the Lettish army defending Riga.

German troops under General Von Der Goltz, together with Russians under Colonel Avolon-Bermond, attacked the Lettish 30 kilometers from Riga and occupied Shlots, which is outside the demarcation line, according to a report issued by the Lettish bureau at Riga. The report adds that the attack was repulsed with sanguinary losses.

The forces of General Von Der Goltz include imperial German troops, with tanks and airplanes, says the report, which adds that the Germans attempted to bomb Riga but were repulsed. The Lettish claim that their losses were small.

A state of siege has been proclaimed at Riga as a precautionary measure. Reserves are being formed among those who are unable to go to the front. Soldiers who were started toward the front were pelted with flowers.

The Lettish bureau says the Germans and Russians attacked on the front of St. Olaf, 30 kilometers from Riga, and the shore of the Gulf of Riga, and occupied the coastal town of Shlots, and also attacked the coastal town of Dubelm, 30 kilometers from Riga.

The Lettish, in addition to claiming to have inflicted sanguinary losses on the enemy and to have destroyed an armored train at the St. Olaf station, declare they cut up two companies of Germans with their machine gun fire. The fighting continues on the whole of the front.

Another dispatch from Riga says the Germans attacked repeatedly in overwhelming numbers and with all modern weapons, but that the Lettish successfully counter attacked.

While the allied battalions at Riga are preparing, according to this dispatch, to open fire upon German forces attacking Riga, Berlin advises from Mitau, 27 miles south of Riga, declare that the Russian and German forces in that vicinity have reached an agreement in regard to the gradual evacuation of the country. The representatives of the entente at Mitau have been advised to this effect.

PLAN ROUTES TO ASIA, ALASKA AND PANAMA

\$15,000,000 More Sought for Army Air Craft Construction.

Washington, Oct. 11.—The senate military committee voted unanimously to recommend an additional appropriation of \$15,000,000 for army air craft construction in order that plans for the air service to establish routes to Panama, Alaska and even to Asia may be carried out.

Action by the committee followed the appearance of Secretary Baker and Brigadier General Mitchell of the air service to explain the army's plans. General Mitchell said a three-day flight to Alaska across Canada would be attempted this winter. If cold weather flying proves successful, he added, a regular route to Alaska would be established, to be followed probably by a route to Asia, with only a 21-mile water span to be crossed. The Panama route, he said, would be via Florida and Cuba, and both routes should be developed, he added, for military reasons.

Congress voted \$25,000,000 for aviation in the army bill. Secretary Baker asked that the additional \$15,000,000 be appropriated in the pending deficiency bill. With a total of \$40,000,000, General Mitchell said, it is proposed to build 200 pursuit Liberty motorized planes, 200 Martin bombers and 200 experimental pursuit planes.

RIGA CAPTURED

London, Oct. 11.—Riga, an important Russian port on the Baltic, has been captured from the Lettish by the Russians and German armies commanded by Colonel Bermond, the Helsingfors correspondent of the Daily Mail telegraphed today.

GRANT AN EXTENSION.

Paris, Oct. 11.—An extension of ten days has been granted to Bulgaria by the allies for consideration of the peace terms. The original period given to the Bulgars for acceptance of the treaty was 15 days.

AVIATORS MAY REACH GOALS THIS EVENING

Captain Smith Leads Western Squad, Maynard the Eastern.

Chicago, Oct. 11.—Interest in the great transcontinental air race centers in the hitherto unmatched contest of Lieutenant B. W. Maynard, leader of the westbound fliers, and Captain L. H. Smith, pace setter for the contingent from the west, either of whom can reach his destination this evening, winning first honors in the cross-country flight.

Captain Smith, however, no longer alone leads the eastbound group, for two of his rivals, Lieutenant E. C. Kiel and Major Carl Spatz, overtook him at Bryan, O. So either of the three, with good fortune attending them, might easily first reach the finish at Mineola, L. I., when the westbound men started.

Lieutenant Maynard, the "flying parson," whose matchless flight across the United States has thrilled aviation enthusiasts, still easily led the westbound contingent, although Captain H. C. Drayton was a good second, 100 miles or more behind.

The "sky pilot" selected Salduro, Utah, 2,183 miles from Mineola, as his night stop, having left Salt Lake City at 5:30 p. m., mountain time. He started from Salduro this morning more determined to reach San Francisco, 518 miles distant, before sunset.

NEPHEW OF XENIA WOMEN WILL SAIL FOR ITALY SOON

Ralph Thomas, of Dayton, well known concert singer, a nephew of the Misses Jennie and Elizabeth Thomas, of this city, will sail next week for Italy to pursue his voice studies in that country. He expects to enter the University of Milan. Mr. Thomas with his sister, Miss Elizabeth, came to Xenia Saturday to spend the week end with his aunts, and bid good bye to them before sailing.

Mr. Thomas spent a year in the army, in this country, and travelled with his company band all through the middle west, singing in Liberty Loan Campaigns. He sang last season with the Cincinnati Symphony Orchestra, under Ysaye. The young man is a tenor singer.

WOMEN NABBED FOR SPEEDING IN JAMESTOWN

Patrolman David Mangan, arrested two Dayton women driving a Stutz roadster in this city Friday evening for Marshal Al Zeiner of Jamestown. The Jamestown officer telephoned police headquarters that the young women were wanted there for speeding through the village and leaving their car out open. They were allowed return to Dayton for appearance in Jamestown Saturday on their own recognizance.

IRON DIVISION WANTS TO RETAIN FRUITFUL LANDS

Berlin, Oct. 11.—That the object of the "Iron Division" of German troops in the Baltic states is the annexation of Courland is shown by an interview with Major Goetz printed here today. "The small body of determined men led by able and energetic leaders is determined to retain that fruitful land for the necessities of the fatherland," said Major Goetz. "I am convinced that we shall finally restore the blessings of former times to our country."

Major Goetz clearly indicated that Courland is to be made the center of German monarchist activities and headquarters of the ex-kaiser's partisans.

COURT OF APPEALS CONVENES MONDAY

Mrs. Lawrence Shields, of New York, is the guest of her mother, Mrs. Mary A. Kinney and her aunt, Miss Clara Allen. Captain Shields has not yet received his discharge from the army medical service, and is still at Camp Upton. He is expected to be discharged by the last of this month, and will then join Mrs. Shields in this city. Mr. and Mrs. William H. Kenyon and Mr. Kenyon's sister, Miss Mary Kenyon of New York, are still here, and there is a happy little family party at the Kinney home.

HENRY P. FLETCHER MENTIONED AS AMBASSADOR TO ITALY.

Henry P. Fletcher.

Henry P. Fletcher, who has been American Ambassador to Mexico since 1913, is being mentioned in Washington as the possible successor to Thomas Nelson Page as American Ambassador to Italy. With the exception of two years spent as Secretary of Legation in Peking, Mr. Fletcher's entire diplomatic career has been in Latin countries. Brand Whitlock, Minister to Belgium, who was also mentioned for the Italian post, will probably be appointed American Ambassador to Belgium.

SUMMER ROMANCE HAS A MISERABLE ENDING IN COURT

A romance of the summer of 1915 when a portion of the Ohio National Guard camped near Yellow Springs had a miserable sequence in common pleas court, Friday afternoon, with a father and mother contending for the possession of a rosy cheeked, flax-haired boy of three.

Mary Dolwick Pendleton, 22 years old, the mother, charged her husband, Howard Pendleton, with kidnapping the child William Howard, from the home of her brother, near Yellow Springs last Thursday night, and taking him to the home of his parents, Mr. and Mrs. Edward Pendleton in Columbus. She brought habeas corpus proceedings to recover the boy.

Accompanied by his father, the little fellow was brought to this city Friday noon, Deputy Sheriff Birch and Police Officer Joseph Day having made an automobile trip to Columbus for that purpose Friday morning.

When Pendleton arrived here he was served with summons in a divorce petition, in which he was charged with gross neglect and cruelty.

The couple was married August 2, 1915 after knowing each other a month, the wife said. The khaki uniform, and the fervid love making of Pendleton won the 18 year old girl. All was not so rosy as was pictured, she found and she declared that she grew tired of moving about from furnished apartment back to the home of Pendleton's relatives, and that last February she took the child and went home. She had not seen her husband since until she faced him in court.

The husband, who was still wearing his soldier uniform, displayed an eagerness to start all over again, forget the past, and provide a home for his wife away from his people. In this he was supported by Judge Kyle and the attorneys who did their best to effect a reconciliation. Mrs. Pendleton was doubtful of her husband's ability to keep his promises and didn't show a willingness to take him back. Finally however, the case was continued in an effort to have the couple get together again and Pendleton promised to get a job in Springfield and take his wife and child there.

The couple left the court house each holding a hand of the little boy.

LIVES DESPITE A BROKEN BACK

Tiffin, O., Oct. 11.—Despite a broken back Watson Coffman will live. He may also regain the use of his lower limb. Coffman had his back crushed in a quarry accident a week ago. An X-Ray examination has revealed that although the vertebrae was fractured the nerves were not severed and as a result he will recover.

CHILD KILLED BY AUTO.

Canton, O., Oct. 11.—Betty Wade, aged 5, daughter of Mr. and Mrs. Arthur L. Wade, 16500 Edwards Place, East, was instantly killed when struck yesterday by an auto. The driver is held under \$2,000 bond to await the action of a coroner's jury.

CAR INSPECTORS STRIKE.

Altoona, Pa., Oct. 11.—Several hundred car inspectors joined the strike of Shoppers at the Pennsylvania railroad plants in this district today. The railroad officials admitted that the loss of the inspectors was a most serious blow and likely would interfere with the operation of trains. Nearly 15,000 men are out.

MAYNARD, FLYING PARSON, LEADER ON FIRST LAP OF CROSS-CONTINENT AIR DERBY.

First lap winners in Aerial Derby.

Lieutenant B. W. Maynard, the flying parson (left), and Lieutenant Kiline, his mechanic, the aviators who are leading more than three score of prominent aviators in the great transcontinental aerial derby. This crew, piloting Plane No. 31, was the first to reach Des Moines, Iowa. Flying at approximately two miles a minute, Maynard was the first to reach Chicago. Lieutenant Maynard won the recent air derby from New York to Toronto and return. This photograph was made at Roosevelt Field, Mineola, L. I., just before the start of the great race. The Lieutenants are shown with their mascot, "Trixie," a captured German police dog.

SENATOR NORRIS SHARPLY ASSAILS SHANTUNG PROVISION IN TREATY

Washington, Oct. 11.—Senator Norris, Republican, Nebraska, made a three-hour address in the senate on the peace treaty.

The senator was particularly severe in denouncing the award of Shantung to Japan. There was no hope, he declared, of seeing that province back under the Chinese flag, once it was taken over by Japan under the peace conference settlement, which he characterized as the "outrage of the age."

He charged that the American people "had been coerced in some cases" to subscribe to loans to support this government, which was lending money to Great Britain at 4 1/2 per cent, while Great Britain was lending it to Persia at 7 per cent.

No man had come forward to defend the award of Shantung to Japan, Senator Norris said, adding that even President Wilson had to declare it infamous. "We must not forget," the senator continued, "that representatives of the great powers, with their pockets bulging with secret treaties, went to the peace conference to carve up the world among themselves, in open violation of the president's 14 points."

Referring to President Wilson's statement in his St. Louis address that German rights in the orient were given to Japan by the allies to secure Japan's entrance into the war, Senator Norris read a telegram from the president, dated at Garrison, Mont., during his recent trip, thanking the Nebraska senator for calling attention to the "unintentional misstatement."

"The truth will never overtake completely the falsehood," said Senator Norris. "If the president wanted to be fair with the people, with the senate and with the world he would at least have been careful to have given as great publicity to the correction as he did to the misstatement."

Senator Norris said Japan entered the war in 1914 and the Shantung secret treaty was not made until 1917.

Radicals Attacked.

After Senator King, Democrat, Utah, had attacked federal authorities for failure to deport "members of pestiferous and poisonous gangs seeking to destroy this government by force and violence," Senator McCumber, Republican, North Dakota, declared in the senate that "if these people had been deported the foreign relations committee would have been deprived of some of its star witnesses against the league of nations."

The discussion followed adoption of a resolution by Senator King directing the secretary of war to forward a report concerning the case of Robert Minor, a newspaper man arrested in France on a charge of spreading soviet propaganda. Senator Poindexter, Republican, Washington, said Minor had returned to this country "to continue his revolutionary activities."

PRESIDENT GAINS STRENGTH.

Washington, Oct. 11.—President Wilson passed another comfortable night and gained slightly in strength, it was unofficially reported at the White House early today.

WILL SEND COMMISSION.

Paris, Oct. 11.—The supreme council has decided to send a special commission to Budapest to learn the exact amount of goods seized by the Rumanians.

Nov. 6.—Sam Ireland.
Nov. 12.—S. E. Sanderson.

NEW YORK MAN IS ONE ITALIAN LEADER'S CABINET

Rome, Oct. 11.—Captain Gabriele D'Annunzio, leader of the Italian troops that occupied Fiume, has organized a cabinet with Whitney Warren, a prominent New York architect, as a member of it, said a dispatch to the Epoch today.

Mr. Warren was in Paris when D'Annunzio's coup was executed. He had planned to sail for New York, but was so inspired by the patriotic motives of D'Annunzio that he decided to go to Fiume and cast his lot with the celebrated Italian aviator-poet.

KING EMMANUEL INTIMATES THAT HE MAY ABDICATE

London, Oct. 11.—King Victor Emmanuel of Italy, has intimated his intention to abdicate if the sedition in Italy continues to spread, it was learned from a high diplomatic source today.

Captain Gabriele D'Annunzio's actions in the occupation of Fiume was said to have led to serious international complications. The government finds itself defied by a majority of the army.

PROPOSAL TO ARBITRATE STEEL STRIKE IS SNAG UPON WHICH THE COMMITTEE IS NOW DEADLOCKED

Washington, Oct. 11.—The national industrial conference adjourned until Tuesday because of a deadlock in the committee of 15 or the steering committee, over labor's proposal to arbitrate the steel strike.

In the meantime the steering committee will hold a meeting in an attempt to agree on a report to lay before the conference when it reassembles.

Adjournment came after the conference had received the proposals of the employers' group, declaring for the principle of the open shop and affirming that "no employer should be required to deal with men or groups of men who are not his employees or chosen by and from among them." The latter principle created quite a stir in the conference and was considered by some of the delegates a approval of the stand taken by Judge Elbert H. Gary, chairman of the United States Steel corporation, in refusing to meet the steel strikers.

Other principles enunciated in the declaration of the employers include: Acceptance of the right of strike or

lockout, excepting in the case of government employees; opposition to sympathetic strikes and lockouts; insistence on the function of management in directing industry; emphasis of shop unions as opposed to the industrial councils proposed by organized labor, and a declaration that co-operative relations between capital and labor should be worked out in individual establishments, with due regard to local factors, instead of along the lines of entire industries as suggested by labor.

"High industrial efficiency" was stated by the employers as the touchstone of sound industrial relations.

After receiving the proposals of the employers, the last of the three groups represented in the conference to report, an hour's recess was taken to permit the committee of 15 to bring in a report on the "one resolution," which, it was announced, was under consideration. On reconvening, the committee informed the conference that it was unable to agree on a report, and after objections had been registered by Samuel Gompers of the labor group and Thomas L. Chadbourne of the public representatives, adjournment was taken.

HOME HYGIENE AND NURSING COURSES IN THE SCHOOLS

Every high school in Greene county will have the advantage of the home hygiene and nursing of the home into plans which are now being put into practice by the Greene County Chapter of the Red Cross.

Classes are already in operation in Central High school, the parochial high school and the O. S. and S. O. Home high school, Miss Helen Evers, and Miss Anza Johnson both registered Red Cross nurses are the teachers.

The classes are taught at the Red Cross headquarters on the second floor of the Kingsbury building, where a room is fitted up with hospital cot and other appliances necessary.

Each Tuesday, Wednesday and Friday, the Central high classes receive their instruction. Mondays and Thursdays, the classes from the parochial school are taught, and at the O. S. and S. O. Home there are two classes each Saturday forenoon.

The courses are so very practical, and will without doubt result in so much benefit to the persons taking advantage of them, that they have been made a part of the curriculum of the local high schools.

The home nursing and hygiene classes have been conducted for the last two years among adults.

JAMES A. BEAMAN DIES IN LINTON, IND.

Friends here will be sorry to learn of the death of James A. Beaman, formerly of this city, word of his death in Linton, Ind., Friday morning having been received by friends here. No further particulars regarding Mr. Beaman's death were received here, and it is not known what caused it.

Mr. Beaman was originally from Macon, Ga. He came here with his family from Columbus, Ohio, two years ago last summer, and they spent a year here, where Mr. Beaman was agent for the Waltham Piano Company, having headquarters at the Borking book store.

A year ago last summer Mr. Beaman's territory was transferred and he travelled for a time in Kentucky and Indiana. Recently however, he had been selling bonds on the road.

Mr. Beaman is survived by his wife, and two children, Misses Suela and Harriet, who have been living in St. Louis, while Mr. Beaman was traveling. They went to Linton, immediately to take charge of the body, and burial will probably be made in Macon, Ga.

POLICE SEARCH FOR SUGAR THIEVES

Cleveland, O., Oct. 11.—Police were searching the city today for alleged sugar thieves who, when discovered at the plant of the City Ice delivery company lowering the sugar in sacks from a second story window, assaulted and badly injured the night watchman, Gustave Wackhouse. A hatchet and a hammer were the weapons used in beating him senseless. The watchman is in the Lakeside Hospital and may die. One arrest has been made and the police are seeking at least two more for alleged connection with the assault.

PAYROLL ROBBERY IS SUCCESSFUL IN CLEVELAND

Cleveland, O., Oct. 11.—A successful payroll robbery was pulled off here this morning.

The robbery occurred shortly after 8 o'clock in front of No. 1900 Euclid Avenue in which building is located the offices of the Sam W. Emerson Company, contractors.

Ralph E. Laubshaur and Albert Chaloup, employees of the Emerson Company, were leaving the building with the money in a satchel to pay off the employees of the contracting firm.

Six men were in front of the building as they came out. Two dashed pepper in the eyes of the payroll clerk while the others grabbed the money.

The motors of two automobiles were running nearby. The payroll band's leaped into the machines and were out of sight before pursuit could be started.

Blinded by the pepper, the payroll clerks called for aid and the police were summoned.

They were able to give a partial description of the men who pulled off the robbery.

STRIKERS ARE ORDERED BACK TO THEIR WORK

Washington, Oct. 11.—The ten thousand railroad shopmen on strike at Altoona, Pa., and vicinity to enforce the seniority rule in employment today were ordered back to work by William H. Johnston, president of the international association of machinists and officers of the railway employees department of the American Federation of Labor, who branded the strike as illegal, in that it did not have the sanction of the International organization.

Most of the striking shopmen are members of the International Association of Machinists, it was stated.

Officers of the railway employees department have been sent to the Altoona district to put the order into effect.

LITTLE VICTIMS OF UNNATURAL MOTHER ARE NEAR DEATH

Chicago, Oct. 11.—Death is slowly drawing nearer today for Shirley and Edna Luitkart of Royal Oak, Mich., who were brought to a Chicago hospital in an attempt to save their lives after poison had been given them by their mother, Mrs. Roy Luitkart.

Dr. Thomas A. Carter, noted specialist, under whose care the girls have been placed, continued today to hold out no hope for their recovery despite the fact that the condition of Shirley remains unchanged and Edna has shown slight improvement. Dr. Carter declares the slow poison given the girls by their mother cannot help but prove fatal.

Authorities of Oakland county, Mich., where Mrs. Luitkart is confined in the Pontiac reformatory, have refused to grant a request that Mrs. Luitkart be brought to Chicago to be with her children when death comes.

Not Your Money But Your Good Will

We want the good will of every car owner in this town.

We want everyone to say what lots of folks say now—"Willard? That's where you get a square deal and value for every dollar."

We'd rather have your good will than an extra dollar or two on a repair job.

We'd rather sell you a battery that will give longer and better service than to make a living by repairing poor batteries.

Of course good repair work and good batteries cost more, but we believe they make friends and buy good will.

Let's get together.

At 7:30 the pastor will preach on the theme "God's Second Best."

Special attention is being paid to the Sunday evening music under the able direction of Dr. Heilman. A large chorus choir has been organized and will give special attention to making the Sunday evening music of unusual interest. The choir will sing an anthem "Nearer My God to Thee," at this service.

FOR MEN WHO WORK HARD

Men who work at hard physical labor are subject to kidney trouble. J. G. Wolf, 734 S. Jackson St., Green Bay, Wis., writes: "Foley Kidney Pills relieved me of a severe backache that bothered me for several months. A few bottles fixed me up in good shape." They also relieve bladder and urinary ailments. Sayre & Hemphill.

STIFF NECK, LUMBAGO

Aches and Pains of Rheumatism Sometimes Almost Unbearable.

There are weather conditions that make rheumatism worse. They are not the same in the cases of all persons. Some victims of this disease suffer more in dry warm weather than in moist cold weather, but all suffer more or less all the time.

The cause of rheumatism is an excess of uric acid in the blood, affecting the muscles and joints. Hence the blood must have attention for permanent results in the treatment of this disease.

Hood's Sarsaparilla has given entire satisfaction in thousands of cases. Do not fail to give it a trial. If a laxative is needed, take Hood's Pills—they don't gripe.

OPEN FILM FIRE ON ANARCHISTS

Catholic Council Lays Barrage to Teach True Americanism in Dark Quarters.

Washington.—Training thousands of batteries of movie machines on the quarters where ignorance and illiteracy hide true American democracy from nine million foreign-born or un-informed people, the National Catholic War Council has begun a nation-wide campaign of civic education that will enlist twenty thousand workers. Behind a barrage of patriotically educational films, fitted for the comprehension of every foreigner and of every illiterate, regiments of minute men, trained to the language and customs of these classes, will fight to bring to them the real meaning of democracy, their rights and obligations under the American democratic government and the fundamental principles of industrial justice. Until every district, darkened to true Americanism, is so enlightened that Bolshevism cannot breed there the civic campaigners of the National Catholic War Council declare that they will never let up in this most vital of all their post-war activities.

From the decks of a fleet of auto-trucks that will carry a "camionette" film service to the most isolated groups of miners and woodsmen as well as from every available platform in the congested quarters of the larger cities, the minute men of this movement have already begun to drive home the truths of democracy in the tongue and vernacular of their various audiences. Their itinerary is based on a special survey of the location of the five million immigrants who know little or nothing of America and its language and of the four million native-born illiterates. Between specially prepared patriotic, civic, social welfare and vocational reels, interspersed with clean comedies, stirring talks on the history of the struggle of democracy in this land and among other nations, on the American rights and obligations and on vocational opportunities and industrial justice will be given in the language of the hearers.

Although intensive drives to reach into the heart of the foreign and illiterate quarters throughout this country will be one of the main objectives of the civic educational campaign of the National Catholic War Council, its reels and speakers are also prepared to offer to all English-speaking audiences, such as groups of women who may desire more information of American civic fundamentals, comprehensive courses on the workings of our government. In every case these entertainments will be brought as close as possible to the people and will be entirely free and open to every one who cares to attend them. Beyond a preliminary course of six weeks and a continuation course of twenty-four weeks with films and speakers the National Catholic War Council is prepared to offer simple text books to all its auditors who are interested.

Summarizing the objects of their new civic campaign, leaders of the National Catholic War Council declare that "in civic education the following points should be emphasized: (1) All the people, both native and immigrant, should know what democracy means. (2) They should be acquainted with their rights under democracy. (3) They should have a knowledge of their obligations in a democracy. (4) They should be acquainted with the simple workings of the government. (5) They should know how to invoke the powers of the government for protection and understand the voting privilege. (6) Finally they should be acquainted with fundamental principles of industrial justice.

CARDINAL GIBBONS.

Who has called a conference of the hierarchy of the Catholic Church in this country to consider the future reconstruction activities of the National Catholic War Council.

Frazer's Shoe Store

Asserts New Discovery Brings Blessed Relief To Rose and Hay Fever Sufferers

Can Make It Yourself At Home At Trifling Expense

In spite of all the doubters and scoffers, a man in Kentucky, who changed his annoying and distressing hay fever into less than a mild cold, claims most emphatically that if taken in time hay fever can be conquered or at least made so harmless that it is not even bothersome.

He gave his discovery to scores of other sufferers with the most remarkable results and has recently been prevailed upon to dispense it through pharmacists to all hay fever sufferers who still have faith that nature has provided an effective remedy for this common yet miserable disease.

And best of all this remedy costs a-

most nothing. Get a one ounce bottle of Mentholized Arlene at any drug store, pour the contents into a pint bottle and fill the pint bottle with water that has been boiled.

Then gargle as directed and twice daily sniff or spray each nostril thoroughly.

That's all there is to it; so simple that a lot of people will say that it can't do the work; but oftentimes simple natural remedies are the best as you will find after using.

If you will make up a pint and use it for a week or ten days you need not be surprised if your unwelcome yearly visitor fails to appear.

R. S. KINGSBURY TO SERVE AS CHAIRMAN

R. S. Kingsbury will serve as chairman of the membership campaign of the Greene County Red Cross Society which will open November 2, and close November 11.

Mr. Kingsbury agreed to accept the chairmanship of the big drive, and he is getting ready for the work by calling his first meeting of directors of the Greene County Red Cross, at the Chamber of Commerce Friday evening, October 17. The membership campaign will be officially presented at the Red Cross Conference at luncheon to be held at the Chamber of Commerce, October 15.

NEW SITE IS SET ASIDE FOR FAIRFIELD AND OSBORN VILLAGES

As the result of plans being consid-

ered by the Miami Conservancy District and announced by Ezra M. Kuhns secretary of the board of directors of the district, it is probable that the villages of Fairfield and Osborn in Greene county will combine into one tract of land having been set aside for that purpose.

According to Mr. Kuhns, a plan of the proposed site has been drawn by engineers of the district, which has already been submitted to officials of the two places.

In order to aid in rebuilding the proposed town, the salvage department of the district has offered for sale to former owners all homes which were purchased. The price asked is the same as that paid by the district at the time of their original purchase.

It is thought probable that the Ohio Electric will place a track from the new town, making it a stop between Dayton and Springfield. This will be done in the event that the plan is carried out and the two villages combine.

Quite Natural.

Bertha—"And do you believe that a woman always turns to the last page first when she picks up a book?" Percy—"Well, I have no reason to doubt it. I know it is the nature of the fair sex to want the last word."

WHY WE CANNOT GET A PROTECTIVE TARIFF.

This is not ancient history, but decidedly current. In the year 1890 the Democratic party won a victory at the polls, and the Republican leaders of the time were among the defeated candidates for the Fifty-second Congress. But there was a Republican President in the White House, and the victorious Democratic majority did not make any effort to enact a tariff bill, and for the all-sufficient reason that no such national legislation could have been enacted into law without the co-operation of the executive branch of the federal government.

In the year 1894 the Republicans won a decisive victory at the polls, but there was a Democratic President in the White House, and it would have been useless for the victorious Republicans to have attempted to enact a tariff bill without the co-operation of the executive branch of the federal government.

In the year 1918 the Republican party won a victory at the polls, and Senator Penrose is simply trying to marshal the forces under his leadership for the enactment of a tariff bill in the future, when there may be a Republican President in the White House, and the executive branch of the federal government may be expected to co-operate with the Republican majority in the Congress; for without such executive cooperation any present attempt to enact revenue legislation of national scope would be useless, foolish and an inexcusable waste of time and energy.

Surely this statement of political conditions ought to be sufficient without columns of proof to show that Senator Penrose could not whip the Democratic President into line for Republican revenue legislation.

STANDARDIZED TRAFFIC RULES.

Standardization of traffic rules throughout the country is one of the aims of the United States Council of Defense. Working toward that end, a bulletin has been issued and widely distributed containing suggestions for traffic rules to be observed everywhere.

There is of course a general similarity in all traffic regulations in this country, but to make them definitely alike in every city, county and state should help to diminish the number of accidents resulting from carelessness or ignorance.

The move is to be started in the cities, and from them it is believed their spread to the outlying and rural districts will be rapid. Great stress is to be laid upon the necessity for caution at street crossings, at railway junctions, intersecting highways and all places of this kind where most accidents happen.

These uniform rules will be received gladly by the walking and driving public, and as they have been very carefully worked out, their prompt adoption in every locality will follow their reception, as a matter of course.

MOVE ON!

The idlers are having a hard time of it in St. Petersburg, Fla., and the surrounding county. There is a "move on" campaign in that part of the country, and its "work, jail, or on your way" for the man who has been standing on the corner while others worked.

In commenting on the campaign the St. Petersburg Times says, "This is no time for idlers or loafers. There is work for all men to do. Production is the salvation of the country, and now is the time for every man to be a producer."

One of the best things that happened during the war was the removal from the streets of the hanger-

out and loafer. Laws were made to prevent these leeches from living in idleness, and then the laws were enforced. There is just as much need right now as any time during the war for every bit of man-power the country can muster. There is just as much reason as always why this sort of person should be set to work.

The loafer is always a disturber, if only by his example to the youth of a community.

It will be hard enough this winter for the industrious and worthy to subsist without providing for the idler as well. "Move on," for all of them everywhere, to honest labor as free men, or on the stone pile and in the brush factory.

SHALL WE "SAVE AT THE SPIGOT TO LOSE AT THE BUNG?"

Carter Glass, secretary of the Treasury, went to the White House, October 2, to urge President Wilson to suspend the operation of wartime prohibition in order that the Federal Treasury might not lose the \$400,000,000 in revenue involved in the tax on whisky now in bond.

Secretary Glass is a staunch prohibitionist. May be, perhaps. He has been brought to the view that under existing financial condition of the Federal Government the revenue on the whisky in bonded warehouses, which will be lost if the ban remains and distillers are compelled to export the liquor, should be obtained if it is legally possible to do so.

Mr. Glass was unable to secure a conference because of the President's illness. Mr. Glass, it is believed, will confer with Mr. Wilson at the first opportunity.

Whether the President will lift the wartime ban on November 1, or any other time before the advent of constitutional prohibition cannot be stated definitely at this time. One other member of his Cabinet has said he will. We hope not, for everybody knows that in this case "saving at the spigot is losing at the bung."

The Anti-Saloon League undertakes to persuade the President against lifting the ban, stating:

"The unrest and lawlessness which now prevail would be aggravated and the result would be disastrous. Mobs inflamed by liquor destroy property and life at wholesale. The plea that asks need the open saloons to protect their liquor warehouse certificates by furnishing a market for whisky should fall on deaf ears. Banks

and whisky dealers have known for more than a year and a half that the beverage-distilled spirit trade was abolished. Provision is made for its sale for non beverage purposes only.

"The whisky interests are planning to fill the homes with whisky during the open period." The law permits the retention of liquor in the home which was secured before the prohibition code goes into effect. Hundreds of thousands of homes will be stocked with liquors, and drunkenness multiplied if this wet program is carried out. It would be a crime against civilization and coming generations.

No excuse can be given for ending war prohibition before the condition named in the law.

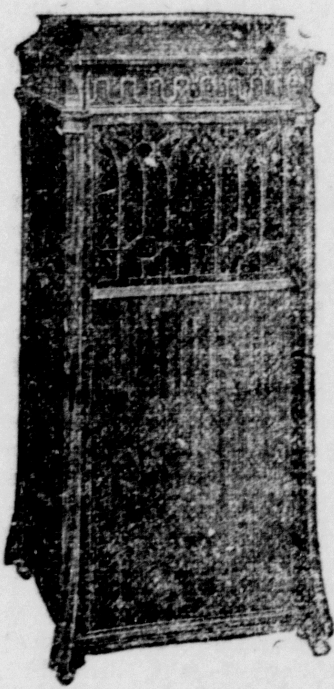

The Constitution Adopted.
The Constitution was adopted by the states at different dates. Delaware adopted it on December 7, 1787; Pennsylvania, December 12, 1787; New Jersey, December 18, 1787; Georgia, January 2, 1788; Connecticut, January 9, 1788; Massachusetts, February 6, 1788; Maryland, April 28, 1788; South Carolina, May 23, 1788; New Hampshire, June 1, 1788; Virginia, June 25, 1788; New York, June 26, 1788; North Carolina, November 21, 1789; Rhode Island, May 29, 1790.

Protests Seizure of Book.
A deed book of New York city more than 200 years old, in possession of J. E. Spanuth, a second-hand dealer of Pottsville, Pa., has been seized by authority of New York city officials. The book covers the period from 1687 to 1694, and contains the titles to most of the property in the financial district, worth hundreds of millions. Spanuth says he bought the book from an antiquarian and will contest the right of the city to seize it.

Jewel Superstitions.
In olden time the sapphire was worn against the bites of venomous animals and to keep away apparitions; the emerald to prevent giddiness and strengthen the memory. The ruby was considered a powerful amulet to ward off plagues and had the "power of making the wearer cheerful."

Chinese Music Unwritten.
Chinese music is not written. The words of some of the famous songs have been preserved, but the music has been handed down from father to son for generations that go far back before the day of the troubadours. When music is played it is played according to the memory of the musician and his ideas of interpretation. A musician varies the performance as his best judgement dictates, and the strings, reeds or brass may break in at almost any time.

Explaining Geysers.
In a word, the whole secret of the intermittent geyser lies in a subterranean reservoir, the contents of which are forced out by steam expansion every time it gets filled up. The Yellowstone park is a region which not so very long ago was fiercely volcanic. In that role it has ceased to play an alarming part, but locally the earth's crust is extremely thin. A very literal hell rages not far beneath the places frequented by tourists, and thence is derived the heat that causes the outbursts of the geysers.

Ascertaining Mountain Heights.
The height of mountains is ascertained by barometric observation, showing the pressure of atmosphere at the lower and higher levels. An instrument called the mountain barometer is graded especially for this purpose. It can also be done with a leveling instrument and theodolite, but either way requires technical knowledge.

Progressing Rapidly.
For the fourth time a new baby had arrived at the home of Robert's sister Nellie. When informed of the event one of his aunts told him in an impressive manner that he was now an uncle for the fourth time. Rather fussed, the little fellow answered: "Goodness me, if things keep on I'll soon be a grandpa."

In two reels featuring MARIE WALCAMP. Finest two reel Western whirlwinds ever screened.

First Printed Book.

According to Potigrew, the first book printed in type was the Latin Bible. It was printed by John Gutenberg at Mayence, about 1455. There are only 20 copies of this edition known to exist, and the workmanship in type, ink, and paper, were better than in any subsequent edition for two hundred

Up-to-Date Youth.

Bobby's father asked him when Moses lived. Bobby said he did not know. His father then read from a book: "Moses 4,000 B. C." and then asked Bobby why he did not know when Moses lived. Bobby replied: "Oh, I thought that was his telephone number."

BIG EATERS GET KIDNEY TROUBLE

Take a glass of Salts before breakfast if your Back hurts or Bladder bothers you.

The American men and women must guard constantly against Kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out, they weaken from overwork, become sluggish; the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps of lead; your back hurts or the urine is cloudy, full of sediment or you are obliged to seek relief two or three times during the night; if you suffer with sick headache or dizzy, nervous spells, acid stomach, or you have rheumatism when the weather is bad, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders.

Jad Salts is inexpensive; cannot injure, makes a delightful effervescent lithia-water beverage, and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time.

LETTERS FROM OUR READERS

Editor Gazette:
The letter of O. E. Carr, City Manager of the City of Springfield, Ohio, hereto attached, may be of interest to some of your readers, on the subject of oil asphalt pavements. As the list referred to in the letter, and herewith enclosed, may be of greater length than you wish to publish, I have made a shorter list by selecting twelve streets named, having a greater yardage than some others, and which you can verify.

I am advised that Texico Asphalt is the kind selected for use, under the contract recently entered into by the city of Xenia.
H. L. SMITH,
Mr. Horace L. Smith, Smith & Smith, Attorneys, Citizens Bank Bldg., Xenia, Ohio.

Dear Sir:—Your favor of October 6th with reference to the durability of oil asphalt and information regarding the streets in Springfield which have been paved with such material, is just received.

My personal experience has been that the method of applying asphalt was more important than the particular brand of asphalt. Fifth Avenue in New York I know to have been paved with an oil asphalt with the very best of results.

The advantage of Trinidad over oil asphalt is that it contains already many of the materials necessary to be added to oil asphalt and is therefore perhaps a little more nearly fool proof than the strictly oil asphalt.

I am satisfied that good results can be obtained in street paving by the use of any reliable brand of asphalt in case proper care is exercised in the application of same.

You will please find enclosed herewith a list of the streets of Springfield which have been paved with oil asphalt together with the brand of asphalt, yardage and date same was applied. I trust this information may meet your needs.

Very truly yours,

O. E. CARR, City Manager.

The total number of square yards of oil asphalt on the streets named in the list is 176,096, being three times as much as is included in the recent contract made by the City of Xenia, the total amount of the latter, including brick and concrete, being about 60,000 square yards.

Among the streets named are:

1. High street, from Limestone street to the Big Four Bridge, 5,740 square yards, constructed in 1911 with Obispo asphalt.
2. North street, from Limestone to Western, 16,430 square yards, constructed in 1916 with Aztec asphalt.
3. High street, from Wittenberg to Yellow Springs street, 5,112 square yards, constructed in 1915 with Texico asphalt.
4. Cassidy street, from Limestone to Sycamore street, 8,700 square yards, constructed in 1915 with Aztec asphalt.

WHERE INDUSTRIAL "ROUND TABLE" IS HOLDING ITS SESSIONS

Hall in Pan-American building, Washington, and Franklin K. Lane, permanent chairman of the round table.

A permanent industrial tribunal to keep in touch with general conditions will be one of the results sought by the administration from the industrial round table now in session at the capital. The con-

ferences are being held in the Pan-American building. Franklin K. Lane was chosen permanent chairman. President Wilson, in a message to the conference delivered by Secretary of Labor Wilson, outlined his hopes for the conference. The opening sessions of the round table were taken up with routine matters, appointment of committees, etc.

WORKHOUSES DEPOPULATED

Closing of Saloons in Ohio Bring Big Results.

SOME FACTS FROM CINCINNATI

Two-thirds of Workhouse to Be Abandoned at a Saving of \$40,000 a Year—Population of Infirmary Also Reduced and Hospital Is Without Alcoholics—Similar Conditions Prevail Over the State, and Grand Juries Have Little to Do at Fall Sessions.

Columbus.—(Special.)—Dry leaders believe that the good effects of state wide prohibition are so marked and so general that voters will roll up a phenomenal majority against the proposals of the brewers to repeal state wide prohibition and bring back saloons.

In Cincinnati J. O. White, director of public welfare, recommends the abandonment of two-thirds of the workhouse because of the slump in inmates since saloons are closed.

When the state went dry, May 26, the Cincinnati workhouse had 210 prisoners. The number has decreased to 82. The saving is estimated at \$40,000 per year.

Prohibition has also had an effect on the Cincinnati infirmary, as there are 100 fewer persons in that institution than a year ago. The cost of keeping an inmate a year is \$120. If the population remains at 100 less than formerly, the saving on this one item will be \$12,000 annually.

At the Cincinnati General Hospital there has been a great falling off in the number of treatments for minor injuries, such as were formerly traced to intoxication, while the strong ward has been without alcoholic patients since July.

In Columbus the director of public safety has recommended to council the leasing of the workhouse farm as the close of the summer found so few prisoners that it was necessary to hire help to take care of the crops. The safety director believes the city will be ahead at least \$20,000 a year if the farm is leased.

From Toledo comes the report that there are so few prisoners in the workhouse that for the first time in years the superintendent had to hire men to harvest and thresh the crops. Similar conditions prevail at the Warrensville farm, near Cleveland.

Officials credit prohibition as the cause for this big decrease in prisoners. With saloons closed, there is less drunkenness and less crime, and less crime quite naturally means fewer workhouse prisoners.

What is true of the workhouses of the state is true of the jail and city prisons. Everywhere arrests have dropped off because of prohibition.

This decrease in crime resulting from the closing of saloons has its effect on the fall sessions of the grand juries all over the state. There is little work for these grand juries and few crimes to be investigated. With-out exception the grand jurors attribute the gratifying change to prohibition.

On the other hand, business is booming right along, banks are full of money, and savings banks note an in-

crease in the number of depositors as well as in the amounts of deposits.

In fact former wets agree with the dries that prohibition has brought excellent results, and former wets also agree with the dries that it is inconceivable that with such a record the people of the state will vote wet in November.

BIG CHANGE EXPECTED IN HAMILTON COUNTY

Believed Wet Majority Will Be Substantially Reduced.

Cincinnati, O.—Claims of wet leaders that Hamilton county will give a large wet majority this year as last is challenged by both wets and dries. Last year there were 72,685 wet votes polled and 19,736 dry. Wet majority 52,880. There is money down here which says the wet majority this year will not exceed 40,000, if it reaches that—and some of this money is in the pockets of former wets.

The fact is, there are hundreds of Cincinnati voters, who for years voted wet, who will vote dry this year. The change for the better under prohibition has been a revelation. Not one of the dire prophecies of the liquor interests has come to pass. Prohibition is not only accepted, but it is now welcome. The law is much better obeyed than anticipated, and the rank and file of the people like it. The city is better off in every way, and no person can frame a valid reason why voters will cast their ballots for old conditions.

While Hamilton county will, of course, give a wet majority, that majority is likely to slump in proportion to arrests for drunkenness.

In the year 1900 there were about six million persons who spoke English. In the year 1900 there were about six million persons who spoke English. In the year 1900 there were about six million persons who spoke English.

Too Much Rush in Life.

Today, as never before, the world is brimming over, palpitant with the fullness. And yet so many of us fail to sense it, to so many of us a primrose is but a primrose, a fallen leaf but a dead thing. In the rush of modern life, with its insistent demands upon our time and attention, driving ourselves from one self-made duty to another, we have missed the glory of the sunshine, the fragrance of the flowers, the beauty and charm and joy that are all about us.—Exchange.

Wedding Customs.

The custom of throwing an old shoe after the bride is one of the oldest and it is done by her brothers and sisters. According to the spirit of the ceremony, which is of very ancient origin, it should be done by the parent or guardian of the bride as indicating a renunciation of all authority over her.

Hardy Tree Is the Palm.

While commercial dates are successful in very restricted areas, the palm is very "tough" and resourceful. It will actually thrive in sand, in clay, in adobe, in peat, in swamp mud, in alkali or salty soils and generally over a wide range of conditions than almost any other plant.

Public Sale

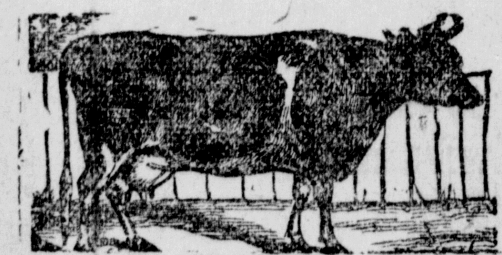

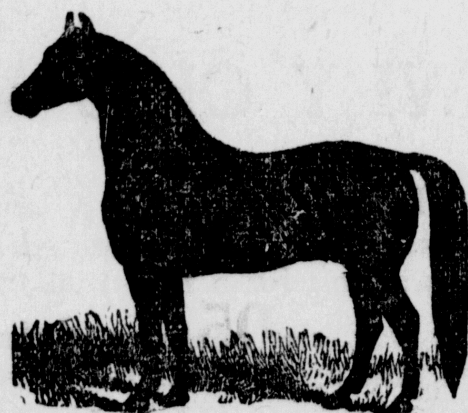

Having sold my farm, I will sell at Public Auction, the following property at said farm, known as the Hardy place, 2 miles from Xenia on the Columbus pike, on

October 23rd, 1919

at 10:00 A. M.

Mr. and Mrs. Arthur Dean, of the Jamestown pike, are announcing the birth of a son, at the Espey Hospital Saturday morning.

Two communications from the Dayton Blue football team have been received by this paper. One is asking for a game with the Xenia Maroons and is signed by "Harry Kline, Jr., Manager, 123 Hunter avenue, Dayton." The other asks for a game with any 140-145 pound team, and is signed, "Dwight Carnal, Manager, 328 Richard St., Dayton." Both communications concern the same team. Local managers can get the particulars at this office.

Guy Snyder, who is employed as a baker in Lebanon, is spending the week end in this city.

D. W. Cosley, who is lying dangerously ill of a complication of ailments at his home on West Second street, is thought this afternoon to be at the point of death. His brother and sister, Mrs. Anna Burkett and H. A. Cosley of Troy, are at his bedside. They left the funeral of their half sister, Miss Cosley, in Troy Friday in order to hasten to the bedside of their brother.

Man Responsible for Progress
The reasonable man adapts himself to the world; the unreasonable one persists in trying to adapt the world to himself. Therefore, all progress depends on the unreasonable man.—Bert

GROUND FOR CONFIDENCE

We sometimes want to know how well a man has done when we are asked for an opinion as to how well he will do. We almost instinctively judge the future by the past; this is reasoning by induction, a process that generally leads to right conclusions. Certainly it is reasonable to believe that what Hood's Sarsaparilla has accomplished for others it can and will accomplish for you, provided of course you are afflicted in like manner. Hood's Sarsaparilla has made thousands healthy and strong by purifying and enriching the blood, curing diseases of the stomach, liver and kidneys, restoring appetite, relieving that tired whole system. Its record of cures of eczema, pruritis, pimples, boils and eruptions, catarrh, dyspepsia and rheumatism, is in thousands of letters voluntarily and gratefully written and forming a colossal volume of testimony. Surely anybody suffering from any of these diseases is fully justified in giving this medicine a trial.

EAST END NEWS

East Main St. Christian church—10:45 a. m. morning services and communion. 12 m. Lord's Day School. 6:30 p. m. Christian Endeavor. Wednesday evening prayer meeting. St. John's A. M. E. church, Rev. P. A. Nichols, D.D., pastor. 10:45 a. m. preaching; 12:20 p. m. to 1:20 p. m. Sunday School, Mr. James H. Peters, Supt. 6:30 p. m., Allen C. E. League hour; 7:30 p. m., preaching. Rev. A. L. Brown will preach. The members and friends are urged to attend all services.

The First Christian Church, East Second street, will have services at 11 a. m., 3 p. m. and 7:30 p. m. Mrs. Elizabeth Moore and Mrs. Virginia Young will preach at 3 p. m. You are invited.

Rev. J. T. Honaker, pastor. Third M. E. church—Rev. D. H. V. Purnell, A. M., pastor. Preaching at 11 a. m. and 7:30 p. m.; Sunday School at 3 p. m. A cordial invitation is extended to the public to worship with us.

Mrs. Burkes, of Tampa, Florida, is visiting her sister, Mrs. Smith, of East Church street. She expects to remain here all winter.

St. John's A. M. E. church has received their new furnace from the Peerless Foundry Company of Indianapolis. The men who are to install it are expected here within the next few days. It is a hot air system with a ventilating attachment approved by the State Industrial Commission. It will change the air in the building every fifteen minutes.

COURT NEWS

The Court of Appeals will convene here Monday for its fall session, and nineteen cases are now on the docket for its consideration. Among the most interesting to come before the tribunal are the error suits of the city against H. E. Schmidt. Mr. Schmidt in common pleas court, won his injunction suits to prevent the city enforcing the provisions of the sidewalk and awning ordinances, and the cases were taken to the higher court on error.

Other actions which will come before the tribunal are: C. L. Darlington vs. the P. C. and St. L. Railway company, appeal; John Winn vs. Elizabeth Winn, appeal; J. F. Harshman vs. the Board of County Commissioners, appeal; J. A. Harner vs. the Board of Education of Spring Valley township, appeal; The Springfield-Xenia Telephone Company vs. Thomas Cobb, error; Anna E. Barrett vs. Adelaide Skinner, appeal; Etta Hester Pherson vs. Mary E. Pherson, appeal; The Miami Conservancy District vs. Joseph A. Shade et al, error Guy L. Harner vs. Charles S. Johnson, error; Charles Nicholson vs. J. E. Sutton, treasurer, appeal; Ralph Fulton vs. J. E. Sutton, treasurer, appeal; J. A. Downey vs. J. E. Sutton, appeal; Mary Wilson vs. J. E. Sutton, appeal; William Baker vs. J. E. Sutton, treasurer appeal; William Baker vs. J. E. Sutton treasurer, appeal; U. C. Hatfield vs. J. E. Sutton, treasurer, appeal; J. E. Kelly vs. W. F. Trader, extr., error; W. C. Criss vs. State of Ohio, error.

Commonwealths and States. Massachusetts, Pennsylvania, Virginia and Kentucky are officially styled commonwealths, although there seems to be no particular reason except custom, as it has practically the same meaning as state. A commonwealth is a democratic form of government, such as that of each state of the Union, the four using the name commonwealth not differing from the others. As far back as 1636 the Massachusetts colony was spoken of as the commonwealth.

BURNS---SCALDS

Bathe with Brazilian Balm or half Balm and half warm water. Keep this up for 20 minutes or so, till the smarting is relieved. It will then heal quickly. Worth its weight in gold for this.

BURNS, CUTS, BRUISES

San Cura Ointment Relieves Pain, Draws Out Poison and Heals Promptly.

There is no better remedy for burns cuts and bruises than the antiseptic and healing ointment called San Cura. Every person ought to have a jar on hand; it is the first and best aid to the injured in case of accident, and is the ideal remedy for so many other distressing and painful ailments besides.

For example, it is guaranteed by Sayre and Hemphill to relieve itching bleeding and protruding piles, eczema, tetter, ulcers, salt rheum, boils, carbuncles and pimples or money back.

In case of old running sores, no matter how long standing, a few poultices of San Cura Ointment will draw out the poison, and leave them in such a thoroughly aseptic condition that they will heal promptly.

We advise every reader to get a jar of San Cura Ointment today and keep it ready for an accident or emergency that may happen. 30c, 60c and \$1.20 a jar at Sayre & Hemphill's on the money back plan.

San Cura Soap is delightful for shampooing, because it is full of antiseptic properties that banish the germs of dandruff and other impurities from the scalp. It removes pimples and blackheads, too. 25 cents a cake at Sayre & Hemphill's. If your druggist does not have it send to Thompson Medical Co., Titusville, Pa. adv

Try This Way.
If some one has been unkind to us be kind to others. The great law will bring him a harvest of what he has sown. If we undertake to pay him back, evil for evil, we overstep our authority, and we also make ourselves liable to judgment for the part we take in the affair. We could just as well do something that would bring us a reward.

Ring Up the Gods.
In China many temples are provided with a bell at the entrance, and when a worshiper enters he gives the rope a pull to ring the bell in order that the gods may be notified of his coming and be at hand to attend to his prayers.

"HEARTS AND FLOWERS"
Two reel comedy.

WHO WANTS THE SALOON BACK?
WHY OHIO WENT DRY
The Liquor Traffic had a long and impartial trial in Ohio. Last November it was sentenced to eternal banishment. Now it comes whining for a new trial.
Here is a brief summary of the testimony upon which it was convicted and upon which the Verdict of last year will be overwhelmingly sustained this year.
THESE GREAT WITNESSES TESTIFY—
THE LAW: - - - - That the LIQUOR TRAFFIC has "no inherent right" to exist.
THE COURTS: - - - - That DRINK is largely the cause of CRIME and PAUPERISM.
PHYSICIANS: - - - - That DRINK is the chief cause of DISEASE.
BUSINESS: - - - - That DRINK produces INCOMPETENCY and INEFFICIENCY.
THE HOME: - - - - That DRINK destroys HAPPINESS and PROSPERITY.
THE SCHOOL: - - - - That DRINK is the greatest enemy of EDUCATION.
THE CHURCH: - - - - That DRINK is the chief foe of RELIGION.
MOTHERHOOD: - - - - That DRINK poisons the very FOUNTAINS of Life.
ECONOMY: - - - - That DRINK WASTES food and ROBS labor.
CONSERVATION: - - - - That DRINK is always DESTRUCTIVE, never CONSTRUCTIVE.
PATRIOTISM: - - - - That DRINK disqualified a large percentage of the young men called to the colors, and, as General Leonard Wood says, "is the soldier's worst enemy."
We are told that it was unfair to convict upon the above evidence in the ABSENCE OF THE SOLDIERS last year.
In answer to this claim we would remind our wet friends that practically all of the national and state legislators who adopted the prohibition amendments were elected before the soldiers were called to the army.
Also it is an insult to the intelligence and manhood of our soldiers to say that the same heroes who so nobly offered their lives in France for the freedom of the world would return to Ohio and sacrifice themselves on the altar of booze.
THE ABOVE TESTIMONY TELLS
WHY OHIO WILL REMAIN DRY
GREENE COUNTY DRY FEDERATION
H. G. BIDDLECUM, Manager

BEAUTY PARLORS

HAIR DRESSING, MANICURING, chiropody, facial and body massage. Also make switches. Madame Smith, Bell 487-W. 10-11

To Polish Glass.

A good polishing powder is made of rock alum, burned and finely powdered, five parts; levigated chalk, one part; mix and apply with a dry brush. There is nothing better to polish glass than chamois leather, or velvetene. They should be kept entirely free from dust, or grit.

New Kind.

Little Frederick, five, was visiting their neighbor across the way and noticed Mrs. Smith with a new pair of eye-glasses. "Oh, mamma," he exclaimed on arriving home, "I went over to see Mrs. Smith and she wears looking glasses on her eyes."

Sheriff's Sale

State of Ohio, Greene County, ss: Pursuant to command of an order of sale in partition issued from the Court of Common Pleas of said county, and to me directed and delivered, I will offer for sale at public auction at the west door of the Court House in the City of Xenia in said county on

SATURDAY, NOVEMBER 1, 1919, at 10 o'clock a. m., the following described lands and tenements to-wit:

Situate in the Township of Miami, County of Greene, and State of Ohio: Being the N. E. quarter of Sec. 12, Township 4, Range 8, estimated to contain 163.75 acres and being the same premises conveyed by deed of John Jacobs by John McCroskey and Emily McCroskey, his wife, dated Dec. 25th, 1855, and recorded in Vol. 35 page 245, Greene County Deed Records.

SECOND TRACT: Situate in said county, State and Township, land being part of N. W. quarter of Section 15, Township 4, Range 8, and for part hereby conveyed beginning at the center of the section running thence along the middle line of the Section N. 1 degree 35 minutes E. 100.14 poles to a stone in the Springfield road; thence along the center of said road S. 23 deg. 15 min W. 108.2 poles to a stone in said road; thence S. 89 deg. E. 40 poles to the place of beginning containing 12.51 acres.

Except the following tract. Situate in said county, state and township and bounded and described as follows:

Being a part of the N. E. quarter of Section 15, Township 4, Range 8, beginning at a stone in the north line of said section in the county line between Greene and Clark counties, and being the N. E. corner of lands owned by John C. Allen (New E. S. Kelly) thence easterly with said Section line to the county line between the Yellow Springs and Springfield pike, 27 poles and 9 links; thence in a southerly direction with the center of said pike 74 poles to a point on the line of the center of the Yellow Springs and Springfield pike, 27 poles and 9 links; thence in a northerly direction with the East line of said Allen's (now Kelly's) land 69 poles to the center of the Yellow Springs and Springfield pike, 27 poles and 9 links; thence in a southerly direction with the center of said pike 74 poles to a point on the line of the center of the Yellow Springs and Springfield pike, 27 poles and 9 links; thence in a northerly direction with the East line of said Allen's (now Kelly's) land 69 poles to the center of the Yellow Springs and Springfield pike, 27 poles and 9 links; thence in a southerly direction with the center of said pike 74 poles to a point on the line of the center of the Yellow Springs and Springfield pike, 27 poles and 9 links; thence in a northerly direction with the East line of said Allen's (now Kelly's) land 69 poles to the center of the Yellow Springs and Springfield pike, 27 poles and 9 links; thence in a southerly direction with the center of said pike 74 poles to a point on the line of the center of the Yellow Springs and Springfield pike, 27 poles and 9 links; thence in a northerly direction with the East line of said Allen's (now Kelly's) land 69 poles to the center of the Yellow Springs and Springfield pike, 27 poles and 9 links; thence in a southerly direction with the center of said pike 74 poles to a point on the line of the center of the Yellow Springs and Springfield pike, 27 poles and 9 links; thence in a northerly direction with the East line of said Allen's (now Kelly's) land 69 poles to the center of the Yellow Springs and Springfield pike, 27 poles and 9 links; thence in a southerly direction with the center of said pike 74 poles to a point on the line of the center of the Yellow Springs and Springfield pike, 27 poles and 9 links; thence in a northerly direction with the East line of said Allen's (now Kelly's) land 69 poles to the center of the Yellow Springs and Springfield pike, 27 poles and 9 links; thence in a southerly direction with the center of said pike 74 poles to a point on the line of the center of the Yellow Springs and Springfield pike, 27 poles and 9 links; thence in a northerly direction with the East line of said Allen's (now Kelly's) land 69 poles to the center of the Yellow Springs and Springfield pike, 27 poles and 9 links; thence in a southerly direction with the center of said pike 74 poles to a point on the line of the center of the Yellow Springs and Springfield pike, 27 poles and 9 links; thence in a northerly direction with the East line of said Allen's (now Kelly's) land 69 poles to the center of the Yellow Springs and Springfield pike, 27 poles and 9 links; thence in a southerly direction with the center of said pike 74 poles to a point on the line of the center of the Yellow Springs and Springfield pike, 27 poles and 9 links; thence in a northerly direction with the East line of said Allen's (now Kelly's) land 69 poles to the center of the Yellow Springs and Springfield pike, 27 poles and 9 links; thence in a southerly direction with the center of said pike 74 poles to a point on the line of the center of the Yellow Springs and Springfield pike, 27 poles and 9 links; thence in a northerly direction with the East line of said Allen's (now Kelly's) land 69 poles to the center of the Yellow Springs and Springfield pike, 27 poles and 9 links; thence in a southerly direction with the center of said pike 74 poles to a point on the line of the center of the Yellow Springs and Springfield pike, 27 poles and 9 links; thence in a northerly direction with the East line of said Allen's (now Kelly's) land 69 poles to the center of the Yellow Springs and Springfield pike, 27 poles and 9 links; thence in a southerly direction with the center of said pike 74 poles to a point on the line of the center of the Yellow Springs and Springfield pike, 27 poles and 9 links; thence in a northerly direction with the East line of said Allen's (now Kelly's) land 69 poles to the center of the Yellow Springs and Springfield pike, 27 poles and 9 links; thence in a southerly direction with the center of said pike 74 poles to a point on the line of the center of the Yellow Springs and Springfield pike, 27 poles and 9 links; thence in a northerly direction with the East line of said Allen's (now Kelly's) land 69 poles to the center of the Yellow Springs and Springfield pike, 27 poles and 9 links; thence in a southerly direction with the center of said pike 74 poles to a point on the line of the center of the Yellow Springs and Springfield pike, 27 poles and 9 links; thence in a northerly direction with the East line of said Allen's (now Kelly's) land 69 poles to the center of the Yellow Springs and Springfield pike, 27 poles and 9 links; thence in a southerly direction with the center of said pike 74 poles to a point on the line of the center of the Yellow Springs and Springfield pike, 27 poles and 9 links; thence in a northerly direction with the East line of said Allen's (now Kelly's) land 69 poles to the center of the Yellow Springs and Springfield pike, 27 poles and 9 links; thence in a southerly direction with the center of said pike 74 poles to a point on the line of the center of the Yellow Springs and Springfield pike, 27 poles and 9 links; thence in a northerly direction with the East line of said Allen's (now Kelly's) land 69 poles to the center of the Yellow Springs and Springfield pike, 27 poles and 9 links; thence in a southerly direction with the center of said pike 74 poles to a point on the line of the center of the Yellow Springs and Springfield pike, 27 poles and 9 links; thence in a northerly direction with the East line of said Allen's (now Kelly's) land 69 poles to the center of the Yellow Springs and Springfield pike, 27 poles and 9 links; thence in a southerly direction with the center of said pike 74 poles to a point on the line of the center of the Yellow Springs and Springfield pike, 27 poles and 9 links; Two communications from the Dayton Blue football team have been received by this paper. One is asking for a game with the Xenia Maroons and is signed by "Harry Kline, Jr., Manager, 123 Hunter avenue, Dayton." The other asks for a game with any 140-145 pound team, and is signed, "Dwight Carnal, Manager, 328 Richard St., Dayton." Both communications concern the same team. Local managers can get the particulars at this office.

Guy Snyder, who is employed as a baker in Lebanon, is spending the week end in this city.

D. W. Cosley, who is lying dangerously ill of a complication of ailments at his home on West Second street, is thought this afternoon to be at the point of death. His brother and sister, Mrs. Anna Burkett and H. A. Cosley of Troy, are at his bedside. They left the funeral of their half sister, Miss Cosley, in Troy Friday in order to hasten to the bedside of their brother.

Man Responsible for Progress—The reasonable man adapts himself to the world; the unreasonable one persists in trying to adapt the world to himself. Therefore, all progress depends on the unreasonable man.—Bert

GROUND FOR CONFIDENCE

We sometimes want to know how well a man has done when we are asked for an opinion as to how well he will do. We almost instinctively judge the future by the past; this is reasoning by induction, a process that generally leads to right conclusions. Certainly, it is reasonable to believe that what Hood's Sarsaparilla has accomplished for others it can and will accomplish for you, provided of course you are afflicted in like manner. Hood's Sarsaparilla has made thousands healthy and strong, by purifying and enriching the blood, curing diseases of the stomach, liver and kidneys, restoring appetite, relieving that tired feeling—in a word, by building up the whole system. Its record of cures of blood diseases, scrofula, salt rheum, eczema, pruritis, pimples, boils and other eruptions, catarrh, dyspepsia and rheumatism, is in thousands of letters voluntarily and gratefully written and forming a colossal volume of testimony. Surely anybody suffering from any of these diseases is fully justified in giving this medicine a trial.

EAST END NEWS

East Main St. Christian church—10:45 a. m. morning services and communion. 12 m. Lord's Day School, 6:30 p. m. Christian Endeavor. Wednesday evening prayer meeting.

St. John's A. M. E. church, Rev. P. A. Nichols, D.D., pastor. 10:45 a. m. preaching; 12:20 p. m. to 1:20 p. m. Sunday School, Mr. James H. Peters, Supt. 6:30 p. m., Allen C. E. St. John's A. M. E. church has received their new furnace from the Peerless Foundry Company of Indianapolis. The men who are to install it are expected here within the next few days. It is a hot air system with a ventilating attachment approved by the State Industrial Commission. It will change the air in the building every fifteen minutes.

COURT NEWS

The Court of Appeals will convene here Monday for its fall session, and nineteen cases are now on the docket for its consideration. Among the most interesting to come before the tribunal are the error suits of the city against H. E. Schmidt. Mr. Schmidt in common pleas court, won his injunction suits to prevent the city enforcing the provisions of the sidewalk and awning ordinances, and the cases were taken to the higher court on error.

Other actions which will come before the tribunal are: C. L. Darlington vs. the P. C. and St. L. Railway company, appeal; John Winn vs. Elizabeth Winn, appeal; J. F. Harshman vs. the Board of County Commissioners, appeal; J. A. Harner vs. the Board of Education of Spring Valley township, appeal; The Springfield-Xenia Telephone Company vs. Thomas Cobb, error; Anna E. Barrett vs. Adelaide Skinner, appeal; Etta Hester Pherson vs. Mary E. Pherson, appeal; The Miami Conservancy District vs. Joseph A. Shade et al, error; Guy L. Harner vs. Charles S. Johnson, error; Charles Nicholson vs. J. E. Sutton, treasurer, appeal; Ralph Fulton vs. J. E. Sutton, treasurer, appeal; J. A. Downey vs. J. E. Sutton, appeal; Mary Wilson vs. J. E. Sutton, appeal; William Baker vs. J. E. Sutton, treasurer, appeal; William Baker vs. J. E. Sutton, treasurer, appeal; U. C. Hatfield vs. J. E. Sutton, treasurer, appeal; J. E. Kelly vs. W. F. Trader, extr., error; W. C. Criss vs. State of Ohio, error.

Commonwealths and States.

Massachusetts, Pennsylvania, Virginia and Kentucky are officially styled commonwealths, although there seems to be no particular reason except custom, as it has practically the same meaning as state. A commonwealth is a democratic form of government, such as that of each state of the Union, the four using the name commonwealth not differing from the others. As far back as 1636 the Massachusetts colony was spoken of as the commonwealth.

BURNS---SCALDS

Bathe with Brazilian Balm or half Balm and half warm water. Keep this up for 20 minutes or so, till the smarting is relieved. It will then heal quickly. Worth its weight in gold for this.

BURNS, CUTS, BRUISES

San Cura Ointment Relieves Pain, Draws Out Poison and Heals Promptly.

There is no better remedy for burns cuts and bruises than the antiseptic and healing ointment called San Cura. Every person ought to have a jar on hand; it is the first and best aid to the injured in case of accident, and is the ideal remedy for so many other distressing and painful ailments besides.

For example, it is guaranteed by Sayre and Hemphill to relieve itching bleeding and protruding piles, eczema, tetter, ulcers, salt rheum, boils, carbuncles and pimples or money back. In case of old running sores, no matter how long standing, a few poultices of San Cura Ointment will draw out the poison, and leave them in such a thoroughly aseptic condition that they will heal promptly.

We advise every reader to get a jar of San Cura Ointment today and keep it ready for an accident or emergency that may happen. 30c, 60c and \$1.29 a jar at Sayre & Hemphill's on the money back plan.

San Cura Soap is delightful for shampooing, because it is full of antiseptic properties that banish the germs of dandruff and other impurities from the scalp. It removes pimples and blackheads, too. 25 cents a cake at Sayre & Hemphill's. If your druggist does not have it send to Thompson Medical Co., Titusville, Pa. adv

Try This Way. If some one has been unkind to us be kind to others. The great law will bring him a harvest of what he has sown. If we undertake to pay him back, evil for evil, we overstep our authority, and we also make ourselves liable to judgment for the part we take in the affair. We could just as well do something that would bring us a reward.

Ring Up the Gods. In China many temples are provided with a bell at the entrance, and when a worshiper enters he gives the rope a pull to ring the bell in order that the gods may be notified of his coming and be at hand to attend to his prayers.

LUNCH BY LADIES OF MIAMI GRANGE

TO-NIGHT

Little he knew where those tracks would lead! But some one had slain his brother, and grimly he followed the trail—to vengeance—to death—to love. A picture big with the West, strong with the power of the man's man who plays it. Come!

MONDAY Matinee and Night

"Out of Luck"

Five reel Paramount comedy drama featuring DOROTHY GISH, RALPH GRAVES, GEORGE FAWCETT and other stars.

A story of newlyweds, love, bad signs and burglars. With the screen's greatest comedienne in a role that will keep you laughing for days. Come!

"HEARTS AND FLOWERS"

Two reel comedy.

WHO WANTS THE SALOON BACK?

WHY OHIO WENT DRY

The Liquor Traffic had a long and impartial trial in Ohio. Last November it was sentenced to eternal banishment. Now it comes whining for a new trial.

Here is a brief summary of the testimony upon which it was convicted and upon which the Verdict of last year will be overwhelmingly sustained this year.

THESE GREAT WITNESSES TESTIFY—

- THE LAW: - - - - That the LIQUOR TRAFFIC has "no inherent right" to exist.
- THE COURTS: - - - That DRINK is largely the cause of CRIME and PAUPERISM.
- PHYSICIANS: - - - - That DRINK is the chief cause of DISEASE.
- BUSINESS: - - - - That DRINK produces INCOMPETENCY and INEFFICIENCY.
- THE HOME: - - - - That DRINK destroys HAPPINESS and PROSPERITY.
- THE SCHOOL: - - - That DRINK is the greatest enemy of EDUCATION.
- THE CHURCH: - - - That DRINK is the chief foe of RELIGION.
- MOTHERHOOD: - - - That DRINK poisons the very FOUNTAINS of Life.
- ECONOMY: - - - - That DRINK WASTES food and ROBS labor.
- CONSERVATION: - - - That DRINK is always DESTRUCTIVE, never CONSTRUCTIVE.
- PATRIOTISM: - - - That DRINK disqualified a large percentage of the young men called to the colors, and, as General Leonard Wood says, "is the soldier's worst enemy."

We are told that it was unfair to convict upon the above evidence in the ABSENCE OF THE SOLDIERS last year.

In answer to this claim we would remind our wet friends that practically all of the national and state legislators who adopted the prohibition amendments were elected before the soldiers were called to the army.

Also it is an insult to the intelligence and manhood of our soldiers to say that the same heroes who so nobly offered their lives in France for the freedom of the world would return to Ohio and sacrifice themselves on the altar of booze.

THE ABOVE TESTIMONY TELLS WHY OHIO WILL REMAIN DRY

SPRINGFIELD TEAM WILL PLAY MAROONS

It is expected that there will be a lively battle on the gridiron at Reserve Park Sunday afternoon, when the Xenia Maroons meet the Springfield Algonquins.

Picking the week points in the locals at the game with the Beavers last Sunday.

Coach George Baldner has laid especial emphasis on strengthening the team at these points, and he says that the visitors will find a much different outfit than the Beavers tackled last Sunday.

The Algonquins are made up of old Springfield High School players, and represent the strongest grid aggregation playing out of the Reaper City.

It is expected that there will be a lively session on the oblong when these teams do battle at Reserve Park Sunday afternoon.

BELLBROOK

Orville Tate, of Buffalo, is visiting his mother, Mrs. Josephine Tate, and his brother, W. W. Tate and family. Mrs. Grace Bowman and children, have moved to Stelker's Corner.

Mr. and Mrs. J. S. Turner were called to Dayton Wednesday on account of the illness of their little grandson, Turner Ritenour.

Rosalie Swigart has finished her course as a trained nurse at the Miami Valley Hospital, and has accepted a position at the McClellan hospital in Xenia.

William Guthrie and children will move to the farm formerly occupied by the late William Elliott, and Mr. and Mrs. Jacob Meredith will occupy the Guthrie farm near the Elliott school house.

Mr. and Mrs. Wilbur Kilian of Dayton, have been spending a few days with Mr. Kilian's brothers and sisters. Mrs. Solomon Swigart of Belmont, is visiting Mrs. Florence Swigart and children.

Therl Hopkins, the new Gazette boy, can be seen on the streets each evening of the week selling daily papers. Several from the village attended proceedings in probate court, Thursday.

While returning from Cincinnati Thursday night, Charles Cramer ran into a cow with his automobile near Centerville. The machine was damaged to some extent, but the occupants escaped unhurt.

Rev. Webber who has been absent from the village several weeks, getting acquainted with the members of his congregation at Summerside, returned home this week.

L. J. Burton has sold his farm of

83 acres to William Wardlow. The deal was made through Wilbur Berryhill our local real estate man of the firm of Berryhill and Berryhill.

Charles Buckles of near Xenia has moved to the village.

There will be a meeting of the local Red Cross at public library Friday, October 10th, for the purpose of discussing community work.

Hon. W. B. Bryson will address the home and farm owners on the subject of taxation of the town on Tuesday evening, October 14. Music will be furnished by the high school.

Those who attended the world's series at Cincinnati this week were: C. F. Schwartz, R. Purdom, A. R. Howland, Russell Nesbitt, J. S. Turner, John Anthony, Harold Sidenstricker, Asa Hurley, Oliver Watson, Chas. Cramer, Orville Berryhill, W. W. Tate, Walton Spahr, Moses Spahr, Roland Kinder, Henry Clay Henry Weller, Howard Myers, Jesse Weaver, John Turner, Jr., and three sons, Harry Turner, John Weaver and John Wright.

Harley Marshall moved Wednesday to a farm near Xenia.

Mrs. Lucy Pease has moved to the Junior rooms on East Franklin street.

WAYNE KEEPS THE MONEY IN HIS POCKET

A year ago, Wayne Smith, New Burlington groceryman had his safe blown, and his books thrown violently about the room.

Today the following sign, in prominent letters, is posted on the safe door:

"Please do not blow this safe. The combination is as follows (here he gives the combination).

"Nothing valuable in it. I have got it in my pocket."

Mr. Smith is of a very kindly disposition and it is very likely that the Amalgamated Safe Blowers' Association, will pass a resolution at its next convention, favoring Mr. Smith's action, and urging that other business men exercise the same plan. Many valuable safes could be saved from ruin by such methods.

Daily Thought.
Labor, you know, is prayer.—Bayard Taylor.

GERMANTOWN IS DEFEATED BY XENIA BY SCORE OF 51 TO 0

It was rather a different proposition from the last two games, that Xenia High School's football team ran up against Friday afternoon, when it defeated Germantown High School, 51 to 0 on Roberts gridiron.

Used to run up against teams that were on a par with themselves, the locals had little difficulty in overwhelming the small and light Germantown eleven, and after they got their scoring machine started in the second half ran away with the visiting pigskin performers. Every man on the back field, the two ends and the center all were instrumental in piling up the enormous score.

The locals started out slowly in the initial period and at the end of the quarter neither side had scored. They amassed 13 points in the second quarter when Captain Riddell carried the ball off tackle from the ten yard line and when Boxwell worked the quarter back for a goal, after Kneel had torn off 30 yards, Riddell kicked goal after the second score, Bales falling on the kickoff on the initial attempt, and the half ending 13-0.

The blue and white outfit opened up in the second frame, after taking the ball on downs. Bales toted a 30 yard pass across the white waste and Riddell kicked goal. Riddell then intercepted a forward pass and ran 50 yards to the one yard line from where Richards scored. Riddell missed goal. A moment later Kneel intercepted a pass, and the aerial route, Boxwell to Bales, netted 30 yards and another counter, Riddell missing goal. The score stood 32-0 at the end of the period.

Taylor and Richards advanced the ball on long passes to start the next frame, and a ten yard pass to Taylor started the scoring in the final frame. Riddell kicked goal. The Captain skirted end for 50 yards shortly afterward and Kneel lumbered over with the pigskin from the 10 yard line. Ryan dropped the kick out and the locals lost the chance to kick. Calling Holland back a few minutes later, this lad ran 55 yards around end for a touchdown, Riddell playing center at the time. Riddell missed goal. The count ended 51-0.

Germantown was deplorably weak, but plucky withal and fought gamely to the end. All of the Xenia players performed well, the backfield and ends shining. Quarterback Bill LeSourd was out of the fracas with a bum leg, but Boxwell handled the team in good shape.

The lineup:
Xenia Walker Taylor, le. Germantown Pillsbury, Flynn R. Dechant, Whitehead Sayre, lg. Askin Holland, c. Tee Ryan, rg. Apple Mendenhall, Taylor rt. Stellar Dales, Cowan, re. C. Dechant Boxwell, qb. Troxell Kneel, lb. Wachter Riddell (Capt), rb. Emerick Richards, fb. Buck
Scoring: Riddell, Boxwell, Bales 2, Richards, Kneel, Walker Taylor, Holland, Referee; George Baldner; Umpire, Capt. Huber; Time, 12-10-10-12; Timers, Hyman-Henny.

The score: 1 2 3 4
Xenia 13 13 19 19
Germantown 0 0 0 0

IMPORTANT SESSION OF THE CHAMBER OF COMMERCE IS HELD

A session of the Board of Directors of the Xenia Chamber of Commerce, lasting several hours, was held Friday evening at which time a number of important matters were given attention. Formal action was taken by the board accepting the property of the Xenia Business Men's association which the officers of the old association offered to turn over to the new organization without cost. The property of the association was appraised at \$1,734.

When the money which the old association paid for rent in advance is refunded the association will have sufficient funds to meet all of its obligations, making it possible to transfer all of its property to the Chamber of Commerce without cost to that organization. The money which is left in the treasury of the Xenia Business Men's association after all bills are paid will probably be turned over to the memorial fund.

Elbert Babb was chosen by the board for the important post of chairman of the forum committee. This is regarded as one of the most important committees in the organization. Several other committees were also named.

Owing to the fact that the Red Cross is to have a big meeting at the Chamber of Commerce rooms next week it was decided to suspend the forum meetings next week in order that the membership of the organization can give its full support to the Red Cross.

A candidate for the position of secretary of the organization was viewed by the board members. Another candidate for this position will meet with the board next Tuesday evening.

REAL ESTATE TRANSFERS

Court Satterfield and Cora Satterfield to Joseph and Bertha Voorhees, lot in Xenia, \$250.

GERMAN TROOPS ATTACK LETTISH ARMY AT RIGA

London, Oct. 11.—According to a dispatch from Riga to the Lettish information bureau, British and French warships in the harbor of Riga have cleared for action on account of the attack by German troops under the command of General Von Der Goltz on the Lettish army defending Riga.

German troops under General Von Der Goltz, together with Russians under Colonel Avalon-Bermond, attacked the Lettish 30 kilometers from Riga and occupied Shlotsk, which is outside the demarcation line, according to a report issued by the Lettish bureau at Riga. The report adds that the attack was repulsed with sanguinary losses.

The forces of General Von Der Goltz include imperial German troops, with tanks and airplanes, says the report, which adds that the Germans attempted to bomb Riga but were repulsed. The Lettish claim that their losses were small.

A state of siege has been proclaimed at Riga as a precautionary measure. Reserves are being formed among those who are unable to go to the front. Soldiers who were started toward the front were pelted with flowers.

The Lettish bureau says the Germans and Russians attacked on the front of St. Olai, 30 kilometers from Riga, and the shore of the Gulf of Riga, and occupied the coastal town of Shlotsk, and also attacked the coastal town of Dubbeln, 30 kilometers from Riga.

The Lettish, in addition to claiming to have inflicted sanguinary losses on the enemy and to have destroyed an armored train at the St. Olai station, declare they cut up two companies of Germans with their machine gun fire. The fighting continues on the whole of the front.

Another dispatch from Riga says the Germans attacked repeatedly in overwhelming numbers and with all modern weapons, but that the Lettish successfully counter attacked.

While the allied battalions at Riga are preparing, according to this dispatch, to open fire upon German forces attacking Riga, Berlin advises from Mitau, 27 miles south of Riga, declare that the Russian and German forces in that vicinity have reached an agreement in regard to the gradual evacuation of the country. The representatives of the entente at Mitau have been advised to this effect.

PLAN ROUTES TO ASIA, ALASKA AND PANAMA

\$15,000,000 More Sought for
Army Air Craft Construction.

Washington, Oct. 11.—The senate military committee voted unanimously to recommend an additional appropriation of \$15,000,000 for army air craft construction in order that plans for the air service to establish routes to Panama, Alaska and even to Asia may be carried out.

Action by the committee followed the appearance of Secretary Baker and Brigadier General Mitchell of the air service to explain the army's plans. General Mitchell said a three-day flight to Alaska across Canada would be attempted this winter. If cold weather flying proves successful, he added, a regular route to Alaska would be established, to be followed probably by a route to Asia, with only a 21-mile water span to be crossed. The Panama route, he said, would be via Florida and Cuba, and both routes should be developed, he added, for military reasons.

Congress voted \$25,000,000 for aviation in the army bill. Secretary Baker asked that the additional \$15,000,000 be appropriated in the pending deficiency bill. With a total of \$40,000,000, General Mitchell said, it is proposed to build 200 pursuit Liberty motorized planes, 200 Martin bombers and 200 experimental pursuit planes.

RIGA CAPTURED

London, Oct. 11.—Riga, an important Russian port on the Baltic has been captured from the Lettish by the Russians and German armies commanded by Colonel Bermond, the Helsinki correspondent of the Daily Mail telegraphed today.

GRANT AN EXTENSION.

Paris, Oct. 11.—An extension of ten days has been granted to Bulgaria by the allies for consideration of the peace terms. The original period given to the Bulgars for acceptance of the treaty was 15 days.

AVIATORS MAY REACH GOALS THIS EVENING

Captain Smith Leads Western
Squad, Maynard the Eastern.

Chicago, Oct. 11.—Interest in the great transcontinental air race centers in the hitherto unmatched contest of Lieutenant B. W. Maynard, leader of the westbound fliers, and Captain L. H. Smith, pace setter for the contingent from the west, either of whom can reach his destination this evening, winning first honors in the cross-country flight.

Captain Smith, however, no longer alone leads the eastbound group, for two of his rivals, Lieutenant E. C. Kiel and Major Carl Spatz, overtook him at Bryan, O. So either of the three, with good fortune attending them, might easily first reach the finish at Mineola, L. I., when the west-bound men started.

Lieutenant Maynard, the "flying parson," whose matchless flight across the United States has thrilled aviation enthusiasts, still easily led the westbound contingent, although Captain H. C. Drayton was a good second, 100 miles or more behind.

The "sky pilot" selected Salsdore, Utah, 2,183 miles from Mineola, as his night stop, having left Salt Lake City at 5:30 p. m. mountain time. He started from Salsdore this morning, not determined to reach San Francisco, 5,183 miles distant, before sunset.

NEPHEW OF XENIA WOMEN WILL SAIL FOR ITALY SOON

Ralph Thomas, of Dayton, well known concert singer, a nephew of the Misses Jennie and Elizabeth Thomas, of this city, will sail next week for Italy to pursue his voice studies in that country. He expects to enter the University of Milan. Mr. Thomas with his sister, Miss Elizabeth, came to Xenia Saturday to spend the week end with his aunts, and bid good bye to them before sailing.

Mr. Thomas spent a year in the army in this country, and travelled with his company band all through the middle west, singing in Liberty Loan Campaigns. He sang last season with the Cincinnati Symphony Orchestra, under Ysaye. The young man is a tenor singer.

WOMEN NABBED FOR SPEEDING IN JAMESTOWN

Patrolman David Mangan, arrested two Dayton women driving a Stutz roadster in this city Friday evening for Marshal Al Zeiner of Jamestown. The Jamestown officer telephoned police headquarters that the young women were wanted there for speeding through the village and leaving their cut out open. They were allowed return to Dayton for appearance in Jamestown Saturday on their own recognizance.

IRON DIVISION WANTS TO RETAIN FRUITFUL LANDS

Berlin, Oct. 11.—That the object of the "Iron Division" of German troops in the Baltic states is the annexation of Courland is shown by an interview with Major Goetz printed here today. "The small body of determined men led by able and energetic leaders is determined to retain that fruitful land for the necessities of the fatherland," said Major Goetz. "I am convinced that we shall finally restore the blessings of former times to our country."

Major Goetz clearly indicated that Courland is to be made the center of German monarchist activities and headquarters of the ex-kaiser's partisans.

COURT OF APPEALS CONVENES MONDAY

Mrs. Lawrence Shields, of New York, is the guest of her mother, Mrs. Mary A. Kinney and her aunt, Miss Clara Allen. Captain Shields has not yet received his discharge from the army medical service, and is still at Camp Upton. He is expected to be discharged by the last of this month, and will then join Mrs. Shields in this city. Mr. and Mrs. William H. Kenyon and Mr. Kenyon's sister, Miss Mary Kenyon of New York, are still here, and there is a happy little family party at the Kinney home.

HENRY P. FLETCHER MENTIONED AS AMBASSADOR TO ITALY.

Henry P. Fletcher.

Henry P. Fletcher, who has been American Ambassador to Mexico since 1913, is being mentioned in Washington as the possible successor to Thomas Nelson Page as American Ambassador to Italy. With the exception of two years spent as Secretary of Legation in Peking, Mr. Fletcher's entire diplomatic career has been in Latin countries, Brazil, Whitlock, Minister to Belgium, who was also mentioned for the Italian post, will probably be appointed American Ambassador to Belgium.

SUMMER ROMANCE HAS A MISERABLE ENDING IN COURT

A romance of the summer of 1915 when a portion of the Ohio National Guard camped near Yellow Springs had a miserable sequence in common pleas court, Friday afternoon, with a father and mother contending for the possession of a rosy cheeked, flaxen-haired boy of three.

Mary Dolwick Pendleton, 22 years old, the mother, charged her husband, Howard Pendleton, with kidnaping the child William Howard, from the home of her brother, near Yellow Springs last Thursday night, and taking him to the home of his parents, Mr. and Mrs. Edward Pendleton in Columbus. She brought habeas corpus proceedings to recover the boy.

Accompanied by his father, the little fellow was brought to this city Friday noon, Deputy Sheriff Birch and Police Officer Joseph Day having made an automobile trip to Columbus for that purpose Friday morning.

When Pendleton arrived here he was served with summons in a divorce petition, in which he was charged with gross neglect and cruelty.

The couple was married August 2, 1915 after knowing each other a month, the wife said. The khaki uniform, and the fervid love making of Pendleton won the 18 year old girl. All was not so rosy as was pictured, she found and she declared that she grew tired of moving about from furnished apartment back to the home of Pendleton's relatives, and that last February she took the child and went home. She had not seen her husband since until she faced him in court.

The husband, who was still wearing his soldier uniform, displayed an eagerness to start all over again, forget the past, and provide a home for his wife away from his people. In this he was supported by Judge Kyle and the attorneys who did their best to effect a reconciliation. Mrs. Pendleton was doubtful of her husband's ability to keep his promises and didn't show a willingness to take him back. Finally however, the case was continued in an effort to have the couple get together again and Pendleton promised to get a job in Springfield and take his wife and child there.

The couple left the court house each holding a hand of the little boy.

LIVES DESPITE A BROKEN BACK

Tiffin, O., Oct. 11.—Despite a broken back Watson Coffman will live. He may also regain the use of his lower limb. Coffman had his back crushed in a quarry accident a week ago. An X-ray examination had revealed that although the vertebrae was fractured the nerves were not severed and as a result he will recover.

CHILD KILLED BY AUTO.

Canton, O., Oct. 11.—Betty Wade, aged 5, daughter of Mr. and Mrs. Arthur L. Wade, 16500 Edwards Place, East, was instantly killed when struck yesterday by an auto. The driver is held under \$2,000 bond to await the action of a coroner's jury.

CAR INSPECTORS STRIKE.

Altona, Pa., Oct. 11.—Several hundred car inspectors joined the strike of shopmen at the Pennsylvania railroad plants in this district today. The railroad officials admitted that the loss of the inspectors was a most serious blow and likely would interfere with the operation of trains. Nearly 15,000 men are out.

MAYNARD, FLYING PARSON, LEADER ON FIRST LAP OF CROSS-CONTINENT AIR DERBY.

First lap winners in Aerial Derby.

Lieutenant B. W. Maynard, the flying parson (left), and Lieutenant Kiline, his mechanic, the aviators who are leading more than three score of prominent aviators in the great transcontinental aerial derby. This crew, piloting Plane No. 31, was the first to reach Des Moines, Iowa. Flying at approximately two miles a minute, Maynard was the first to reach Chicago. Lieutenant Maynard won the recent air derby from New York to Toronto and return. This photograph was made at Roosevelt Field, Mineola, L. I., just before the start of the great race. The Lieutenants are shown with their mascot, "Trixie," a captured German police dog.

SENATOR NORRIS SHARPLY ASSAILS SHANTUNG PROVISION IN TREATY

Washington, Oct. 11.—Senator Norris, Republican, Nebraska, made a three-hour address in the senate on the peace treaty.

The senator was particularly severe in denouncing the award of Shantung to Japan. There was no pope, he declared, of seeing that province back under the Chinese flag, once it was taken over by Japan under the peace conference settlement, which he characterized as the "outrage of the age." He charged that the American people "had been coerced in some cases" to subscribe to loans to support this government, which was lending money to Great Britain at 4 1/2 per cent, while Great Britain was lending it to Persia at 7 per cent.

No man had come forward to defend the award of Shantung to Japan, Senator Norris said, adding that even President Wilson had declared it infamous. "We must not forget," the senator continued, "that representatives of the great powers, with their pockets bulging with secret treaties, went to the peace conference to carve up the world among themselves, in open violation of the president's 14 points."

Referring to President Wilson's statement in his St. Louis address that German rights in the orient were given to Japan by the allies to secure Japan's entrance into the war, Senator Norris read a telegram from the president, dated at Garrison, Mont., during his recent trip, thanking the Nebraska senator for calling attention to the "unintentional misstatement."

"The truth will never overtake completely the falsehood," said Senator Norris. "If the president wanted to be fair with the people, with the senate and with the world he would at least have been careful to have given as great publicity to the correction as he did to the misstatement."

Senator Norris said Japan entered the war in 1914 and the Shantung secret treaty was not made until 1917. Radicals Attacked. After Senator King, Democrat, Utah, had attacked federal authorities for failure to deport "members of pestiferous and poisonous gangs seeking" to destroy this government by force and violence, Senator McCumber, Republican, North Dakota, declared in the senate that "if these people had been deported the foreign relations committee would have been deprived of some of its star witnesses against the league of nations."

The discussion followed adoption of a resolution by Senator King directing the secretary of war to forward a report concerning the case of Robert Minor, a newspaper man arrested in France on a charge of spreading soviet propaganda. Senator Poindexter, Republican, Washington, said Minor had returned to this country "to continue his revolutionary activities."

NEW YORK MAN IS ONE ITALIAN LEADER'S CABINET

Rome, Oct. 11.—Captain Gabriele D'Annunzio, leader of the Italian troops that occupied Fiume, has organized a cabinet with Whitney Warren, a prominent New York architect, as a member of it, said a dispatch to the Enoch today.

Mr. Warren was in Paris when D'Annunzio's coup was executed. He had planned to sail for New York, but was so inspired by the patriotic motives of D'Annunzio that he decided to go to Fiume and cast his lot with the celebrated Italian aviator-poet.

KING EMMANUEL INTIMATES THAT HE MAY ABDICATE

London, Oct. 11.—King Victor Emmanuel of Italy, has intimated his intention to abdicate if the sedition in Italy continues to spread, it was learned from a high diplomatic source today. Captain Gabriele D'Annunzio's actions in the occupation of Fiume was said to have led to serious international complications. The government finds itself defied by a majority of the army.

PROPOSAL TO ARBITRATE STEEL STRIKE IS SNAG UPON WHICH THE COMMITTEE IS NOW DEADLOCKED

Washington, Oct. 11.—The national industrial conference adjourned until Tuesday because of a deadlock in the committee of 15 or the steering committee, over labor's proposal to arbitrate the steel strike.

In the meantime the steering committee will hold a meeting in an attempt to agree on a report to lay before the conference when it reassembles.

Adjournment came after the conference had received the proposals of the employers' group, declaring for the principle of the open shop and affirming that "no employer should be required to deal with men or groups of men who are not his employees or chosen by and from among them." The latter principle created quite a stir in the conference and was considered by some of the delegates a approval of the stand taken by Judge Elbert H. Gary, chairman of the United States Steel corporation, in refusing to meet the steel strikers.

Other principles enunciated in the declaration of the employers include: Acceptance of the right of strike or

lockout, excepting in the case of government employees; opposition to sympathetic strikes and lockouts; insistence on the function of management in directing industry; emphasis of shop unions as opposed to the industrial councils proposed by organized labor, and a declaration that co-operative relations between capital and labor should be worked out in individual establishments, with due regard to local factors, instead of along the lines of entire industries as suggested by labor.

"High industrial efficiency" was stated by the employers as the touchstone of sound industrial relations.

After receiving the proposals of the employers, the last of the three groups represented in the conference to report, an hour's recess was taken to permit the committee of 15 to bring in a report on the "one resolution," which it was announced, was under consideration. On reconvening, the committee informed the conference that it was unable to agree on a report, and after objections had been registered by Samuel Gompers of the labor group and Thomas L. Chadbourne of the public representatives, adjournment was taken.

HOME HYGIENE AND NURSING COURSES IN THE SCHOOLS

Every high school in Greene county will have the advantage of the home hygiene and nursing of the home ing to plans which are now being put into practice by the Greene County Chapter of the Red Cross.

Classes are already in operation in Central High school, the parochial high school and the O. S. and S. O. Home high school. Miss Helen Evers and Miss Anza Johnson both registered Red Cross nurses are the teachers.

The classes are taught at the Red Cross headquarters on the second floor of the Kingsbury building where a room is fitted up with hospital cot and other appliances necessary.

Each Tuesday, Wednesday and Friday, the Central high classes receive their instruction. Mondays and Thursdays, the classes from the parochial school are taught, and at the O. S. and S. O. Home there are two classes each Saturday forenoon.

The courses are so very practical, and will without doubt result in so much benefit to the persons taking advantage of them, that they have been made a part of the curriculum of local high schools.

The home nursing and hygiene classes have been conducted for the last two years among adults.

JAMES A. BEAMAN DIES IN LINTON, IND.

Friends here will be sorry to learn of the death of James A. Beaman, formerly of this city, word of his death in Linton, Ind., Friday morning having been received by friends here. No further particulars regarding Mr. Beaman's death were received here, and it is not known what caused it.

Mr. Beaman was originally from Macon, Ga. He came here with his family from Columbus, Ohio, two years ago last summer, and they spent a year here, where Mr. Beaman was agent for the Waltham Piano Company, having headquarters at the Boring book store.

A year ago last summer Mr. Beaman's territory was transferred and he travelled for a time in Kentucky and Indiana. Recently however, he had been selling bonds on the road.

Mr. Beaman is survived by his wife, and two children, Misses Sueela and Harriet, who have been living in St. Louis, while Mr. Beaman was traveling. They went to Linton, immediately to take charge of the body, and burial will probably be made in Macon, Ga.

POLICE SEARCH FOR SUGAR THIEVES

Cleveland, O., Oct. 11.—Police were searching the city today for alleged sugar thieves who, when discovered at the plant of the City Ice delivery company lowering the sugar in sacks from a second story window, assaulted and badly injured the night watchman, Gustave Wackhouse. A hatchet and a hammer were the weapons used in beating him senseless. The watchman is in the Lakeside Hospital and may die. One arrest has been made and the police are seeking at least two more for alleged connection with the assault.

PAYROLL ROBBERY IS SUCCESSFUL IN CLEVELAND

Cleveland, O., Oct. 11.—A successful payroll robbery was pulled off here this morning.

The robbery occurred shortly after 8 o'clock in front of No. 1900 Euclid Avenue in which building is located the offices of the Sam W. Emerson Company, contractors.

Ralph E. Laubshaur and Albert Chaloup, employees of the Emerson Company, were leaving the building with the money in a sack to pay off the employees of the contracting firm.

Six men were in front of the building as they came out. Two dashed pepper in the eyes of the payroll clerk while the others grabbed the money. The motors of two automobiles were running nearby. The payroll bandits leaped into the machines and were out of sight before pursuit could be started.

Blinded by the pepper the payroll clerks called for aid and the police were summoned.

They were able to give a partial description of the men who pulled off the robbery.

STRIKERS ARE ORDERED BACK TO THEIR WORK

Washington, Oct. 11.—The ten thousand railroad shophmen on strike at Altoona, Pa., and vicinity to enforce the seniority rule in employment today were ordered back to work by William H. Johnston, president of the international association of machinists and officers of the railway employees department of the American Federation of Labor, who branded the strike as illegal, in that it did not have the sanction of the International Association of Machinists, it was stated. Officers of the railway employees department have been sent to the Altoona district to put the order into effect.

LITTLE VICTIMS OF UNNATURAL MOTHER ARE NEAR DEATH

Chicago, Oct. 11.—Death is slowly drawing nearer today for Shirley and Edna Luitkrat of Royal Oak, Mich., who were brought to a Chicago hospital in an attempt to save their lives after poison had been given them by their mother, Mrs. Roy Luitkrat.

Dr. Thomas A. Carter, noted specialist, under whose care the girls have been placed, continued today to hold out no hope for their recovery despite the fact that the condition of Shirley remains unchanged and Edna has shown slight improvement. Dr. Carter declares the slow poison given the girls by their mother cannot help but prove fatal.

Authorities of Oakland county, Mich., where Mrs. Luitkrat is confined in the Pontiac reformatory, have refused to grant a request that Mrs. Luitkrat be brought to Chicago to be with her children when death comes.

Not Your Money But Your Good Will

We want the good will of every car owner in this town.

We want everyone to say what lots of folks say now—"Willard? That's where you get a square deal and value for every dollar."

We'd rather have your good will than an extra dollar or two on a repair job.

We'd rather sell you a battery that will give longer and better service than to make a living by repairing poor batteries.

Of course good repair work and good batteries cost more, but we believe they make friends and buy good will.

Let's get together.

A large chorus choir has been organized and will give special attention to making the Sunday evening music of unusual interest. The choir will sing an anthem "Nearer My God to Thee," at this service.

FOR MEN WHO WORK HARD

Men who work at hard physical labor are subject to kidney trouble. J. G. Wolf, 734 S. Jackson St., Green Bay, Wis., writes: "Foley Kidney Pills relieved me of a severe backache that bothered me for several months. A few bottles fixed me up in good shape." They also relieve bladder and urinary ailments. Sayre & Hemphill.

STIFF NECK, LUMBAGO

Aches and Pains of Rheumatism Sometimes Almost Unbearable.

There are weather conditions that make rheumatism worse. They are not the same in the cases of all persons. Some victims of this disease suffer more in dry warm weather than in moist cold weather, but all suffer more or less all the time.

The cause of rheumatism is an excess of uric acid in the blood, affecting the muscles and joints. Hence the blood must have attention for permanent results in the treatment of this disease.

Hood's Sarsaparilla has given entire satisfaction in thousands of cases. Do not fail to give it a trial. If a laxative is needed, take Hood's Pills—they don't gripe.

OPEN FILM FIRE ON ANARCHISTS

Catholic Council Lays Barrage to Teach True Americanism in Dark Quarters.

Washington.—Training thousands of batteries of movie machines on the quarters where ignorance and illiteracy hide true American democracy from nine million foreign-born or un-informed people, the National Catholic War Council has begun a nation-wide campaign of civic education that will enlist twenty thousand workers. Behind a barrage of patriotically educational films, fitted for the comprehension of every foreigner and of every illiterate, regiments of minute men, trained to the language and customs of these classes, will fight to bring to them the real meaning of democracy, their rights and obligations under the American democratic government and the fundamental principles of industrial justice. Until every district, darkened to true Americanism, is so enlightened that Bolshevism cannot breed there the civic campaigners of the National Catholic War Council declare that they will never let up in this most vital of all their post-war activities.

From the decks of a fleet of auto-trucks that will carry a "camionette" film service to the most isolated groups of miners and woodsmen as well as from every available platform in the congested quarters of the larger cities, the minute men of this movement have already begun to drive home the truths of democracy in the tongue and vernacular of their various audiences. Their itinerary is based on a special survey of the location of the five million immigrants who know little or nothing of America and its language and of the four million native-born illiterates. Between specially prepared patriotic, civic, social welfare and vocational reels, interspersed with clean comedies, stirring talks on the history of the struggle of democracy in this land and among other nations, on the American's rights and obligations and on vocational opportunities and industrial justice will be given in the language of the hearers.

Although intensive drives to reach into the heart of the foreign and illiterate quarters throughout this country will be one of the main objectives of the civic educational campaign of the National Catholic War Council, its reels and speakers are also prepared to offer to all English-speaking audiences, such as groups of women who may desire more information of American civic fundamentals, comprehensive courses on the workings of our government. In every case these entertainments will be brought as close as possible to the people and will be entirely free and open to every one who cares to attend them. Beyond a preliminary course of six weeks and a continuation course of twenty-four weeks with films and speakers the National Catholic War Council is prepared to offer simple text books to all its auditors who are interested.

Summarizing the objects of their new civic campaign, leaders of the National Catholic War Council declare that "in civic education the following points should be emphasized: (1) All the people, both native and immigrant, should know what democracy means. (2) They should be acquainted with their rights under democracy. (3) They should have a knowledge of their obligations in a democracy. (4) They should be acquainted with the simple workings of the government. (5) They should know how to invoke the powers of the government for protection and understand the voting privilege. (6) Finally they should be acquainted with fundamental principles of industrial justice.

Frazer's Shoe Store

Asserts New Discovery Brings Blessed Relief To Rose and Hay Fever Sufferers

Can Make It Yourself At Home At Trifling Expense

In spite of all the doubters and scoffers, a man in Kentucky, who changed his annoying and distressing hay fever into less than a mild cold, claims most emphatically that if taken in time hay fever can be conquered or at least made so harmless that it is not even bothersome.

He gave his discovery to scores of other sufferers with the most remarkable results and has recently been prevailed upon to dispense it through pharmacists to all hay fever sufferers who still have faith that nature has provided an effective remedy for this common yet miserable disease.

And best of all this remedy costs a

most nothing. Get a one ounce bottle of Menthonized Arcline at any drug store, pour the contents into a pint bottle and fill the pint bottle with water that has been boiled.

Then gargle as directed and twice daily sniff or spray each nostril thoroughly.

That's all there is to it; so simple that a lot of people will say that it can't do the work; but oftentimes simple natural remedies are the best as you will find after using.

If you will make up a pint and use it for a week or ten days you need not be surprised if your unwelcome yearly visitor fails to appear.

R. S. KINGSBURY TO SERVE AS CHAIRMAN

R. S. Kingsbury will serve as chairman of the membership campaign of the Greene County Red Cross Society which will open November 2, and close November 11.

Mr. Kingsbury agreed to accept the chairmanship of the big drive, and he is getting ready for the work by calling his first meeting of directors of the Greene County Red Cross, at the Chamber of Commerce Friday evening, October 17. The membership campaign will be officially presented at the Red Cross Conference at luncheon to be held at the Chamber of Commerce, October 15.

NEW SITE IS SET ASIDE FOR FAIRFIELD AND OSBORN VILLAGES

As the result of plans being consid-

ered by the Miami Conservancy District and announced by Ezra M. Kuhns secretary of the board of directors of the district. It is probable that the villages of Fairfield and Osborn in Greene county will combine into one tract of land having been set aside for that purpose.

According to Mr. Kuhns, a plan of the proposed site has been drawn by engineers of the district, which has already been submitted to officials of the two places.

In order to aid in rebuilding the proposed town, the salvage department of the district has offered for sale to former owners all homes which were purchased. The price asked is the same as that paid by the district at the time of their original purchase.

It is thought probable that the Ohio Electric will place a track from the new town, making it a stop between Dayton and Springfield. This will be done in the event that the plan is carried out and the two villages combine.

Quite natural.

Bertha—"And do you believe that a woman always turns to the last page first when she picks up a book?" Percy—"Well, I have no reason to doubt it. I know it is the nature of the fair sex to want the last word."

In two reels featuring MARIE WALCAMP. Finest two reel Western whirlwinds ever screened.

First Printed Book.

According to Petigrew, the first book printed in type was the Latin Bible. It was printed by John Gutenberg at Mayence, about 1455. There are only 20 copies of this edition known to exist, and the workmanship in type, ink, and paper, were better than in any subsequent edition for two hundred years.

Up-to-Date Youth.

Bobby's father asked him when Moses lived. Bobby said he did not know. His father then read from a book: "Moses 4,000 B. C." and then asked Bobby why he did not know when Moses lived. Bobby replied: "Oh, I thought that was his telephone number."

BIG EATERS GET KIDNEY TROUBLE

Take a glass of Salts before breakfast if your Back hurts or Bladder bothers you.

The American men and women must guard constantly against Kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out, they weaken from overwork, become sluggish; the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps of lead; your back hurts or the urine is cloudy, full of sediment or you are obliged to seek relief two or three times during the night; if you suffer with sick headache or dizzy, nervous spells, acid stomach, or you have rheumatism when the weather is bad, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders.

Jad Salts is inexpensive; cannot injure, makes a delightful effervescent lithia-water beverage, and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time.

LETTERS FROM OUR READERS

Editor Gazette:

The letter of O. E. Carr, City Manager of the City of Springfield, Ohio, hereto attached, may be of interest to some of your readers, on the subject of oil asphalt pavements. As the list referred to in the letter, and herewith enclosed, may be of greater length than you wish to publish, I have made a shorter list by selecting twelve streets named, having a greater yardage than some others, and which you can verify.

I am advised that Texico Asphalt is the kind selected for use, under the contract recently entered into by the city of Xenia.

H. L. SMITH,
Mr. Horace L. Smith, Smith & Smith, Attorneys, Citizens Bank Bldg., Xenia, Ohio.

Dear Sir:—Your favor of October 6th with reference to the durability of oil asphalt and information regarding the streets in Springfield which have been paved with such material, is just received.

My personal experience has been that the method of applying asphalt was more important than the particular brand of asphalt. Fifth Avenue in New York I know to have been paved with an oil asphalt with the very best of results.

The advantage of Trinidad over oil asphalt is that it contains already many of the materials necessary to be added to oil asphalts and is therefore perhaps a little more nearly fool proof than the strictly oil asphalts.

I am satisfied that good results can be obtained in street paving by the use of any reliable brand of asphalt in case proper care is exercised in the application of same.

You will please find enclosed herewith a list of the streets of Springfield which have been paved with oil asphalt together with the brand of asphalt, yardage and date same was applied. I trust this information may meet your needs.

Very truly yours,

O. E. CARR, City Manager.

The total number of square yards of oil asphalt on the streets named in the list is 176,096, being three times as much as is included in the recent contract made by the City of Xenia, the total amount of the latter, including brick and concrete, being about 60,000 square yards.

Among the streets named, are:

1. High street, from Limestone street to the Big Four Bridge, 5,740 square yards, constructed in 1911 with Obispo asphalt.
2. North street, from Limestone to Western, 16,430 square yards, constructed in 1916 with Aztec asphalt.
3. High street, from Wittenberg to Yellow Springs street, 5,112 square yards, constructed in 1915 with Texico asphalt.
4. Cassity street, from Limestone to Sycamore street, 8,700 square yards.

WHERE INDUSTRIAL "ROUND TABLE" IS HOLDING ITS SESSIONS

Hall in Pan-American building, Washington, and Franklin K. Lane, permanent chairman of the round table.

A permanent industrial tribunal to keep in touch with general conditions will be one of the results sought by the administration from the industrial round table now in session at the capital. The con-

ferences are being held in the Pan-American building. Franklin K. Lane was chosen permanent chairman. President Wilson, in a message to the conference delivered by Secretary of Labor Wilson, outlined his hopes for the conference. The opening sessions of the round table were taken up with routine matters, appointment of committees, etc.

WORKHOUSES DEPOPULATED

Closing of Saloons in Ohio
Bring Big Results.

SOME FACTS FROM CINCINNATI

Two-thirds of Workhouse to Be Abandoned at a Saving of \$40,000 a Year—Population of Infirmary Also Reduced and Hospital is Without Alcoholics—Similar Conditions Prevail Over the State, and Grand Jurors Have Little to Do at Fall Sessions.

Columbus.—(Special.)—Dry leaders believe that the good effects of state wide prohibition are so marked and so general that voters will roll up a phenomenal majority against the proposals of the brewers to repeal state wide prohibition and bring back saloons.

In Cincinnati J. O. White, director of public welfare, recommends the abandonment of two-thirds of the workhouse because of the slump in inmates since saloons are closed.

When the state went dry, May 26, the Cincinnati workhouse had 210 prisoners. The number has decreased to 82. The saving is estimated at \$40,000 per year.

Prohibition has also had an effect on the Cincinnati infirmary, as there are 100 fewer persons in that institution than a year ago. The cost of keeping an inmate a year is \$120. If the population remains at 100 less than formerly, the saving on this one item will be \$12,000 annually.

At the Cincinnati General Hospital there has been a great falling off in the number of treatments for minor injuries, such as were formerly traced to intoxication, while the strong ward has been without alcoholic patients since July.

In Columbus the director of public safety has recommended to council the leasing of the workhouse farm as the close of the summer found so few prisoners that it was necessary to hire help to take care of the crops. The safety director believes the city will be ahead at least \$20,000 a year if the farm is leased.

From Toledo comes the report that there are so few prisoners in the workhouse that for the first time in years the superintendent had to hire men to harvest and thresh the crops. Similar conditions prevail at the Warrensville farm, near Cleveland.

Officials credit prohibition as the cause for this big decrease in prisoners. With saloons closed, there is less drunkenness and less crime, and less crime quite naturally means fewer workhouse prisoners.

What is true of the workhouses of the state is true of the jail and city prisons. Everywhere arrests have dropped off because of prohibition.

This decrease in crime resulting from the closing of saloons has its effect on the fall sessions of the grand juries all over the state. There is little work for these grand juries and few crimes to be investigated. Without exception the grand jurors attribute the gratifying change to prohibition.

On the other hand, business is booming right along, banks are full of money, and savings banks note an in-

crease in the number of depositors as well as in the amounts of deposits.

In fact former wets agree with the dries that prohibition has brought excellent results, and former wets also agree with the dries that it is inconceivable that with such a record the people of the state will vote wet in November.

BIG CHANGE EXPECTED IN HAMILTON COUNTY

Believed Wet Majority Will Be Substantially Reduced.

Cincinnati, O.—Claims of wet leaders that Hamilton county will give a large wet majority this year as last is challenged by both wets and dries. Last year there were 72,655 wet votes polled and 19,756 dry. Wet majority 52,899. There is money down here which says the wet majority this year will not exceed 40,000, if it reaches that—and some of this money is in the pockets of former wets.

The fact is, there are hundreds of Cincinnati voters, who for years voted wet, who will vote dry this year. The change for the better under prohibition has been a revelation. Not one of the dire prophecies of the liquor interests has come to pass. Prohibition is not only accepted, but it is now welcome. The law is much better obeyed than anticipated, and the rank and file of the people like it. The city is better off in every way and no person can frame a valid reason why voters will cast their ballots for old conditions.

While Hamilton county will, of course, give a wet majority, that majority is likely to slump in proportion to arrests for drunkenness.

English or Spanish and half as many French or German or Russian. English or Spanish and half as many French or German or Russian. English or Spanish and half as many French or German or Russian. English or Spanish and half as many French or German or Russian.

Increase of English.

Too Much Rush in Life.

Today, as never before, the world is brimming over, palpitant with the fullness. And yet so many of us fail to sense it, to so many of us a primrose is but a primrose, a fallen leaf but a dead thing. In the rush of modern life, with its insistent demands upon our time and attention, driving ourselves from one self-made duty to another, we have missed the glory of the sunshine, the fragrance of the flowers, the beauty and charm and joy that are all about us.—Exchanges.

Wedding Custom.

The custom of throwing an old shoe after a bride is a very old custom. It is done to bring good luck for her. According to the spirit of the ceremony, which is of very ancient origin, it should be done by the priest or guardian of the bride as indicating a renunciation of all authority over her.

Hardy Tree Is the Palm.

While commercial dates are successful in very restricted areas, the palm is very "tough" and resourceful. It will actually thrive in sand, in clay, adobe, peat, swamp mud, alkaline or salty soils and generally over a wide range of conditions than almost any other plant.

Public Sale

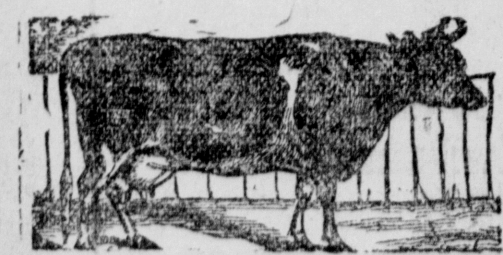

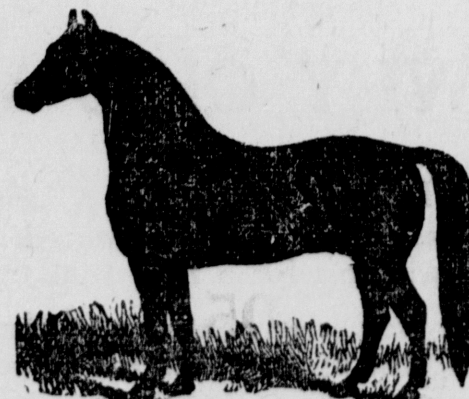

Having sold my farm, I will sell at Public Auction, the following property at said farm, known as the Hardy place, 2 miles from Xenia on the Columbus pike, on

October 23rd, 1919

at 10:00 A. M.

John Dillencourt, sr., continues dangerously ill at his home on North Galloway street. His condition is gradually growing worse.

Mr. and Mrs. Arthur Dean, of the Jamestown pike, are announcing the birth of a son, at the Espey Hospital Saturday morning.

Two communications from the Dayton Blue football team have been received by this paper. One is asking for a game with the Xenia Maroons and is signed by "Harry Kline, Jr., Manager, 123 Hunter avenue, Dayton." The other asks for a game with any 140-145 pound team, and is signed, "Dwight Carmal, Manager, 328 Richard St., Dayton." Both communications concern the same team. Local managers can get the particulars at this office.

Guy Snyder, who is employed as a baker in Lebanon, is spending the week end in this city.

D. W. Cosley, who is lying dangerously ill of a complication of ailments at his home on West Second street, is thought this afternoon to be at the point of death. His brother and sister, Mrs. Anna Burkett and H. A. Cosley of Troy, are at his bedside. They left the funeral of their half sister, Miss Cosley, in Troy Friday in order to hasten to the bedside of their brother.

Man Responsible for Progress—The reasonable man adapts himself to the world; the unreasonable one persists in trying to adapt the world to himself. Therefore, all progress depends on the unreasonable man.—Bert

GROUND FOR CONFIDENCE

We sometimes want to know how well a man has done when we are asked for an opinion as to how well he will do. We almost instinctively judge the future by the past; this is reasoning by induction, a process that generally leads to right conclusions. Certainly it is reasonable to believe that what Hood's Sarsaparilla has accomplished for others it can and will accomplish for you, provided of course you are afflicted in like manner. Hood's Sarsaparilla has made thousands healthy and strong, by purifying and enriching the blood, curing diseases of the stomach, liver and kidneys, restoring appetite, relieving that tired feeling—in a word, by building up the whole system. Its record of cures of blood diseases, scrofula, salt rheum or eczema, psoriasis, dimples, boils and other eruptions, catarrh, dyspepsia and rheumatism, is in thousands of letters forming a colossal volume of testimony. Surely anybody suffering from any of these diseases is fully justified in giving this medicine a trial.

EAST END NEWS

East Main St. Christian church—10:45 a. m. morning services and communion. 12 m. Lord's Day School, 6:30 p. m. Christian Endeavor. Wednesday evening prayer meeting. St. John's A. M. E. church, Rev. P. A. Nichols, DD., pastor. 10:45 a. m. preaching; 12:20 p. m. to 1:20 p. m. Sunday School, Mr. James H. Peters, Supt. 6:30 p. m., Allen C. E. League hour; 7:30 p. m., preaching. Rev. A. L. Brown will preach. The members and friends are urged to attend all services.

The First Christian Church, East Second street, will have services at 11 a. m., 3 p. m. and 7:30 p. m. Mrs. Elizabeth Moore and Mrs. Virginia Young will preach at 3 p. m. You are invited.

Rev. J. T. Honaker, pastor. Third M. E. church—Rev. D. H. V. Purnell, A. M., pastor. Preaching at 11 a. m. and 7:30 p. m.; Sunday School at 3 p. m. A cordial invitation is extended to the public to worship with us.

Mrs. Burkes, of Tampa, Florida, is visiting her sister, Mrs. Smith, of East Church street. She expects to remain here all winter.

St. John's A. M. E. church has received their new furnace from the Peerless Foundry Company of Indianapolis. The men who are to install it are expected here within the next few days. It is a hot air system with a ventilating attachment approved by the State Industrial Commission. It will change the air in the building every fifteen minutes.

COURT NEWS

The Court of Appeals will convene Monday for its fall session, and nineteen cases are now on the docket for its consideration. Among the most interesting to come before the tribunal are the error suits of the city against H. E. Schmidt, Mr. Schmidt in common pleas court, won his injunction suits to prevent the city enforcing the provisions of the sidewalk and using ordinances, and the cases were taken to the higher court on error.

Other actions which will come before the tribunal are: C. L. Darlington vs. the P. C. C. and St. L. Railway company, appeal; John Winn vs. Elizabeth Winn, appeal; J. F. Harshman vs. the Board of County Commissioners, appeal; J. A. Harner vs. the Board of Education of Spring Valley township, appeal; The Springfield-Xenia Telephone Company vs. Thomas Cobb, error; Anna E. Barrett vs. Adelaide Skinner, appeal; Etta Hester Pherson vs. Mary E. Pherson, appeal; The Miami Conservancy District vs. Joseph A. Shade et al, error Guy L. Harner vs. Charles S. Johnson, error; Charles Nicholson vs. J. E. Sutton, treasurer, appeal; Ralph Fulton vs. J. E. Sutton, treasurer, appeal; J. A. Downey vs. J. E. Sutton, appeal; Mary Wilson vs. J. E. Sutton, appeal; William Baker vs. J. E. Sutton, treasurer, appeal; William Baker vs. J. E. Sutton, treasurer, appeal; U. C. Hatfield vs. J. E. Sutton, treasurer, appeal; J. E. Kelly vs. W. F. Trader, extr., error; W. C. Criss vs. State of Ohio, error.

Commonwealths and States. Massachusetts, Pennsylvania, Virginia and Kentucky are officially styled commonwealths, although there seems to be no particular reason except custom, as it has practically the same meaning as state. A commonwealth is a democratic form of government, such as that of each state of the Union, the four using the name commonwealth not differing from the others. As far back as 1636 the Massachusetts colony was spoken of as the commonwealth.

BURNS--SCALDS

Bathe with Brazilian Balm or half Balm and half warm water. Keep this up for 20 minutes or so, till the smarting is relieved. It will then heal quickly. Worth its weight in gold for this.

BURNS, CUTS, BRUISES

San Cura Ointment Relieves Pain, Draws Out Poison and Heals Promptly.

There is no better remedy for burns cuts and bruises than the antiseptic and healing ointment called San Cura. Every person ought to have a jar on hand; it is the first and best aid to the injured in case of accident, and is the ideal remedy for so many other distressing and painful ailments besides.

For example, it is guaranteed by Sayre and Hemphill to relieve itching bleeding and protruding boils, eczema, netter, ulcers, salt rheum, blisters, carbuncles and pimples or money back.

In case of old running sores, no matter how long standing, a few poultices of San Cura Ointment will draw out the poison, and leave them in such a thoroughly aseptic condition that they will heal promptly.

We advise every reader to get a jar of San Cura Ointment today and keep it ready for an accident or emergency that may happen. 30c, 60c and \$1.20 a jar at Sayre & Hemphill's on the money back plan.

San Cura Soap is delightful for shampooing, because it is full of antiseptic properties that banish the germs of dandruff and other impurities from the scalp. It removes pimples and blackheads, too. 25 cents a cake at Sayre & Hemphill's.

If your druggist does not have it send to Thompson Medical Co., Titusville, Pa. adv

Try This Way.
If some one has been unkind to us be kind to others. The great law will bring him a harvest of what he has sown. If we undertake to pay him back, evil for evil, we overstep our authority, and we also make ourselves liable to judgment for the part we take in the affair. We could just as well do something that would bring us a reward.

Ring Up the Gods.
In China many temples are provided with a bell at the entrance, and when a worshiper enters he gives the rope a pull to ring the bell in order that the gods may be notified of his coming and be at hand to attend to his prayers.

Public Sale

Having sold my farm I will sell at Public Auction at my residence 1 mile south of Yellow Springs, 1/2 mile east of Hyde's Crossing on the Grinnell Road

A story of newlyweds, love, bad signs and burglars. With the screen's greatest comedienne in a role that will keep you laughing for days. Come!

"HEARTS AND FLOWERS"

Two reel comedy.

WHO WANTS THE SALOON BACK?

WHY OHIO WENT DRY

The Liquor Traffic had a long and impartial trial in Ohio. Last November it was sentenced to eternal banishment. Now it comes whining for a new trial.

Here is a brief summary of the testimony upon which it was convicted and upon which the Verdict of last year will be overwhelmingly sustained this year.

THESE GREAT WITNESSES TESTIFY—

THE LAW: - - - - That the LIQUOR TRAFFIC has "no inherent right" to exist.
THE COURTS: - - - - That DRINK is largely the cause of CRIME and PAUPERISM.
PHYSICIANS: - - - - That DRINK is the chief cause of DISEASE.
BUSINESS: - - - - That DRINK produces INCOMPETENCY and INEFFICIENCY.
THE HOME: - - - - That DRINK destroys HAPPINESS and PROSPERITY.
THE SCHOOL: - - - - That DRINK is the greatest enemy of EDUCATION.
THE CHURCH: - - - - That DRINK is the chief foe of RELIGION.
MOTHERHOOD: - - - - That DRINK poisons the very FOUNTAINS of Life.
ECONOMY: - - - - That DRINK WASTES food and ROBS labor.
CONSERVATION: - - - - That DRINK is always DESTRUCTIVE, never CONSTRUCTIVE.
PATRIOTISM: - - - - That DRINK disqualified a large percentage of the young men called to the colors, and, as General Leonard Wood says, "is the soldier's worst enemy."

We are told that it was unfair to convict upon the above evidence in the ABSENCE OF THE SOLDIERS last year.

In answer to this claim we would remind our wet friends that practically all of the national and state legislators who adopted the prohibition amendments were elected before the soldiers were called to the army.

Also it is an insult to the intelligence and manhood of our soldiers to say that the same heroes who so nobly offered their lives in France for the freedom of the world would return to Ohio and sacrifice themselves on the altar of booze.

THE ABOVE TESTIMONY TELLS

WHY OHIO WILL REMAIN DRY

GREENE COUNTY DRY FEDERATION

—The Willing Workers Sunday School class will meet at the home of Mrs. Fred Bales Tuesday afternoon, Oct. 14th.

Mr. and Mrs. Marshall Lupton, of Indianapolis, are spending several days in Xenia.

Invitations reading as follows have been issued: "We wish to solicit your patronage to our Private Dancing Party, Tuesday evening, Oct. 14th, at Elk's Hall, 8:30 p. m. Hunley Orchestra, \$1.25 per couple. Committee in charge, Richard O. Fay, Walker Whittington, Bert Whittington.

For Rent—B.L. Call Bell 844-R. adv-10-11

Ralph Thomas, well known young Dayton tenor, will sing at the First Methodist Episcopal church at the Sunday morning service. He will sing "It is For Me." Mr. Thomas is sailing next week for Italy to pursue his musical studies.

John Dillencourt, sr., continues dangerously ill at his home on North Galloway street. His condition is gradually growing worse.

Mr. and Mrs. Arthur Dean, of the Jamestown pike, are announcing the birth of a son, at the Espey Hospital Saturday morning.

Two communications from the Dayton Blue football team have been received by this paper. One is asking for a game with the Xenia Maroons and is signed by "Harry Kline, Jr., Manager, 123 Hunter avenue, Dayton." The other asks for a game with any 140-145 pound team, and is signed, "Dwight Carnal, Manager, 328 Richard St., Dayton." Both communications concern the same team. Local managers can get the particulars at this office.

Guy Snyder, who is employed as a baker in Lebanon, is spending the week end in this city.

D. W. Cosley, who is lying dangerously ill of a complication of ailments at his home on West Second street, is thought this afternoon to be at the point of death. His brother and sister, Mrs. Anna Burkett and H. A. Cosley of Troy, are at his bedside. They left the funeral of their half sister, Miss Cosley, in Troy Friday in order to hasten to the bedside of their brother.

Man Responsible for Progress

The reasonable man adapts himself to the world; the unreasonable one persists in trying to adapt the world to himself. Therefore, all progress depends on the unreasonable man.—Bert

GROUND FOR CONFIDENCE

We sometimes want to know how well a man has done when we are asked for an opinion as to how well he will do.

We almost instinctively judge the future by the past; this is reasoning by induction, a process that generally leads to right conclusions.

Certainly it is reasonable to believe that what Hood's Sarsaparilla has accomplished for others it can and will accomplish for you, provided of course you are afflicted in like manner. Hood's Sarsaparilla has made thousands healthy and strong, by purifying and enriching the blood, curing diseases of the stomach, liver and kidneys, restoring appetite, relieving that tired feeling—in a word, by building up the whole system. Its record of cures of blood diseases, scrofula, salt rheum or eczema, psoriasis, pimples, boils and other eruptions, catarrh, dyspepsia and rheumatism, is in thousands of letters voluntarily and gratefully written and forming a colossal volume of testimony. Surely anybody suffering from any of these diseases is fully justified in giving this medicine a trial.

EAST END NEWS

East Main St. Christian church—10:45 a. m. morning services and communion. 12 m. Lord's Day School. 6:30 p. m. Christian Endeavor. Wednesday evening prayer meeting.

St. John's A. M. E. church, Rev. P. A. Nichols, D.D., pastor. 10:45 a. m. preaching; 12:20 p. m. to 1:20 p. m. Sunday School, Mr. James H. Peters, Supt. 6:30 p. m., Allen C. E. League hour; 7:30 p. m., preaching. Rev. A. L. Brown will preach. The members and friends are urged to attend all services.

The First Christian Church, East Second street, will have services at 11 a. m., 3 p. m. and 7:30 p. m. Mrs. Elizabeth Moore and Mrs. Virginia Young will preach at 3 p. m. You are invited.

Rev. J. T. Honaker, pastor. Third M. E. church—Rev. D. H. V. Purnell, A. M., pastor. Preaching at 11 a. m. and 7:30 p. m.; Sunday School at 3 p. m. A cordial invitation is extended to the public to worship with us.

Mrs. Burkes, of Tampa, Florida, is visiting her sister, Mrs. Smith, of East Church street. She expects to remain here all winter.

St. John's A. M. E. church has received their new furnace from the Peerless Foundry Company of Indianapolis. The men who are to install it are expected here within the next few days. It is a hot air system with a ventilating attachment approved by the State Industrial Commission. It will change the air in the building every fifteen minutes.

COURT NEWS

The Court of Appeals will convene here Monday for its fall session, and nineteen cases are now on the docket for its consideration. Among the most interesting to come before the tribunal are the error suits of the city against H. E. Schmidt. Mr. Schmidt in common pleas court, won his injunction suits to prevent the city enforcing the provisions of the sidewalk and awning ordinances, and the cases were taken to the higher court on error.

Other actions which will come before the tribunal are: C. L. Darlington vs. the P. C. C. and St. L. Railway company, appeal; John Winn vs. Elizabeth Winn, appeal; J. F. Harshman vs. the Board of County Commissioners, appeal; J. A. Harner vs. the Board of Education of Spring Valley township, appeal; The Springfield-Xenia Telephone Company vs. Thomas Cobb, error; Anna E. Barrett vs. Adelaide Skinner, appeal; Etta Hester Pherson vs. Mary E. Pherson, appeal; The Miami Conservancy District vs. Joseph A. Shade et al, error; Guy L. Harner vs. Charles S. Johnson, error; Charles Nicholson vs. J. E. Sutton, treasurer, appeal; Ralph Fulton vs. J. E. Sutton, treasurer, appeal; J. A. Downey vs. J. E. Sutton, appeal; Mary Wilson vs. J. E. Sutton, appeal; William Baker vs. J. E. Sutton, treasurer, appeal; William Baker vs. J. E. Sutton, treasurer, appeal; U. C. Hatfield vs. J. E. Sutton, treasurer, appeal; J. E. Kelly vs. W. F. Trader, extr., error; W. C. Criss vs. State of Ohio, error.

Commonwealths, and States.

Massachusetts, Pennsylvania, Virginia and Kentucky are officially styled commonwealths, although there seems to be no particular reason except custom, as it has practically the same meaning as state. A commonwealth is a democratic form of government, such as that of each state of the Union, the four using the name commonwealth not differing from the others. As far back as 1636 the Massachusetts colony was spoken of as the commonwealth.

BURNS--SCALDS

Bathe with Brazilian Balm or half Balm and half warm water. Keep this up for 20 minutes or so, till the smarting is relieved. It will then heal quickly. Worth its weight in gold for this.

BURNS, CUTS, BRUISES

San Cura Ointment Relieves Pain, Draws Out Poison and Heals Promptly.

There is no better remedy for burns cuts and bruises than the antiseptic and healing ointment called San Cura. Every person ought to have a jar on hand; it is the first and best aid to the injured in case of accident, and is the ideal remedy for so many other distressing and painful ailments besides.

For example, it is guaranteed by Sayre and Hemphill to relieve itching bleeding and protruding piles, eczema, tetter, ulcers, salt rheum, boils, carbuncles and pimples or money back.

In case of old running sores, no matter how long standing, a few poultices of San Cura Ointment will draw out the poison, and leave them in such a thoroughly aseptic condition that they will heal promptly.

We advise every reader to get a jar of San Cura Ointment today and keep it ready for an accident or emergency that may happen. 30c, 60c and \$1.20 a jar at Sayre & Hemphill's on the money back plan.

San Cura Soap is delightful for shampooing, because it is full of antiseptic properties that banish the germs of dandruff and other impurities from the scalp. It removes pimples and blackheads, too. 25 cents a cake at Sayre & Hemphill's.

If your druggist does not have it send to Thompson Medical Co., Titusville, Pa. adv

Try This Way.

If some one has been unkind to us be kind to others. The great law will bring him a harvest of what he has sown. If we undertake to pay him back, evil for evil, we overstep our authority, and we also make ourselves liable to judgment for the part we take in the affair. We could just as well do something that would bring us a reward.

Ring Up the Gods.

In China many temples are provided with a bell at the entrance, and when a worshiper enters he gives the rope a pull to ring the bell in order that the gods may be notified of his coming and be at hand to attend to his prayers.

A story of newlyweds, love, bad signs and burglars. With the screen's greatest comedienne in a role that will keep you laughing for days. Come!

"HEARTS AND FLOWERS"

Two reel comedy.

WHO WANTS THE SALOON BACK?

WHY OHIO WENT DRY

The Liquor Traffic had a long and impartial trial in Ohio. Last November it was sentenced to eternal banishment. Now it comes whining for a new trial.

Here is a brief summary of the testimony upon which it was convicted and upon which the Verdict of last year will be overwhelmingly sustained this year.

THESE GREAT WITNESSES TESTIFY—

THE LAW: - - - - That the LIQUOR TRAFFIC has "no inherent right" to exist.
THE COURTS: - - - - That DRINK is largely the cause of CRIME and PAUPERISM.
PHYSICIANS: - - - - That DRINK is the chief cause of DISEASE.
BUSINESS: - - - - That DRINK produces INCOMPETENCY and INEFFICIENCY.
THE HOME: - - - - That DRINK destroys HAPPINESS and PROSPERITY.
THE SCHOOL: - - - - That DRINK is the greatest enemy of EDUCATION.
THE CHURCH: - - - - That DRINK is the chief foe of RELIGION.
MOTHERHOOD: - - - - That DRINK poisons the very FOUNTAINS of Life.
ECONOMY: - - - - That DRINK WASTES food and ROBS labor.
CONSERVATION: - - - - That DRINK is always DESTRUCTIVE, never CONSTRUCTIVE.
PATRIOTISM: - - - - That DRINK disqualified a large percentage of the young men called to the colors, and, as General Leonard Wood says, "is the soldier's worst enemy."

We are told that it was unfair to convict upon the above evidence in the ABSENCE OF THE SOLDIERS last year.

In answer to this claim we would remind our wet friends that practically all of the national and state legislators who adopted the prohibition amendments were elected before the soldiers were called to the army.

Also it is an insult to the intelligence and manhood of our soldiers to say that the same heroes who so nobly offered their lives in France for the freedom of the world would return to Ohio and sacrifice themselves on the altar of booze.

SPRINGFIELD TEAM WILL PLAY MAROONS

It is expected that there will be a lively battle on the gridiron at Reserve Park Sunday afternoon, when the Xenia Maroons meet the Springfield Algonquins.

Picking the week points in the locals at the game with the Beavers last

Sunday, Coach George Baldner has laid especial emphasis on strengthening the team at these points, and he says that the visitors will find a much different outfit than the Beavers tackled last Sunday.

The Algonquins are made up of old Springfield High School players, and represent the strongest grid aggregation playing out of the Reeper City.

It is expected that there will be a lively session on the oblong when these teams do battle at Reserve Park Sunday afternoon.

BELLBROOK

Orville Tate, of Buffalo, is visiting his mother, Mrs. Josephine Tate, and his brother, W. W. Tate and family.

Mrs. Grace Bowman and children, have moved to Stelker's Corner.

Mr. and Mrs. J. S. Turner were called to Dayton Wednesday on account of the illness of their little grandson, Turner Ritenour.

Rosalie Swigart has finished her course as a trained nurse at the Miami Valley Hospital, and has accepted a position at the McClellan hospital in Xenia.

William Guthrie and children will move to the farm formerly occupied by the late William Elliott, and Mr. and Mrs. Jacob Meredith will occupy the Guthrie farm near the Elliott school house.

Mr. and Mrs. Wilbur Kilian of Dayton, have been spending a few days with Mr. Kilian's brothers and sisters.

Mrs. Solomon Swigart of Belmont, is visiting Mrs. Florence Swigart and children.

Therl Hopkins, the new Gazette boy, can be seen on the streets each evening of the week selling daily papers.

Several from the village attended proceedings in probate court, Thursday.

While returning from Cincinnati Thursday night, Charles Cramer ran into a cow with his automobile near Centerville. The machine was damaged to some extent, but the occupants escaped unhurt.

Rev. Webber who has been absent from the village several weeks, getting acquainted with the members of his congregation at Summerside, returned home this week.

L. J. Burton has sold his farm of

83 acres to William Wardlow. The deal was made through Wilbur Berryhill our local real estate man of the firm of Berryhill and Berryhill.

Charles Buckles of near Xenia has moved to the village.

There will be a meeting of the local Red Cross at public library Friday, October 10th, for the purpose of discussing community work.

Hon. W. B. Bryson will address the home and farm owners on the subject of taxation of the town on Tuesday evening, October 14. Music will be furnished by the high school.

Those who attended the world's series at Cincinnati this week were: C. F. Schwartz, R. Purdon, A. R. Howland, Russell Nesbitt, J. S. Turner, John Anthony, Harold Sidenstricker, Asa Hurley, Oliver Watson, Chas. Cramer, Orville Berryhill, W. W. Tate, Walton Spahr, Moses Spahr, Roland Kinder, Henry Clay Henry Weller, Howard Myers, Jesse Weaver, John Turner, Jr., and three sons, Harry Turner, John Weaver and John Wright.

Harley Marshall moved Wednesday to a farm near Xenia.

Mrs. Lucy Pease has moved to the Junior rooms on East Franklin street.

WAYNE KEEPS THE MONEY IN HIS POCKET

A year ago, Wayne Smith, New Burlington groceryman had his safe blown, and his books thrown violently about the room.

Today the following sign, in prominent letters, is posted on the safe door:

"Please do not blow this safe. The combination is as follows (here he gives the combination).

"Nothing valuable in it. I have got it in my pocket."

Mr. Smith is of a very kindly disposition and it is very likely that the Amalgamated Safe Blowers' Association, will pass a resolution at its next convention, favoring Mr. Smith's action, and urging that other business men exercise the same plan. Many valuable safes could be saved from ruin by such methods.

Daily Thought.

Labor, you know, is prayer.—Bayard Taylor.

GERMANTOWN IS DEFEATED BY XENIA BY SCORE OF 51 TO 0

It was rather a different proposition from the last two games, that Xenia High School's football team ran up against Friday afternoon, when it defeated Germantown High School, 51 to 0 on Roberts gridiron.

Used to run up against teams that were on a par with themselves, the locals had little difficulty in overwhelming the small and light Germantown eleven, and after they got their scoring machine started in the second half ran away with the visiting pigskin performers. Every man on the back field, the two ends and the center all were instrumental in piling up the enormous score.

The locals started out slowly in the initial period and at the end of the quarter neither side had scored. They amassed 13 points in the second quarter when Captain Riddell carried the ball off tackle from the ten yard line and when Boxwell worked the quarter back for a goal, after Knee had torn off 30 yards, Riddell kicked goal after the second score, Bales falling on the kickoff on the initial attempt, and the half ending 13-0.

The blue and white outfit opened up in the second frame, after taking the ball on downs. Bales toted a 30 yard pass across the white waste and Riddell kicked goal. Riddell then intercepted a forward pass and ran 50 yards to the one yard line from where Richards scored. Riddell missed goal. A moment later Knee intercepted a pass, and the aerial route, Boxwell to Bales, netted 30 yards and another counter, Riddell missing goal. The score stood 32-0 at the end of the period.

Taylor and Richards advanced the ball on long passes to start the next frame, and a ten yard pass to Taylor started the scoring in the final frame. Riddell kicked goal. The Captain skirled end for 50 yards shortly afterward and Knee lumbered over with the pigskin from the 10 yard line. Ryan dropped the kick out and the locals lost the chance to kick. Calling Holland back a few minutes later, this lad ran 55 yards around end for a touchdown. Riddell playing center at the time, Riddell missed goal. The count ended 51-0.

Germantown was deplorably weak, but plucky withal and fought gamely to the end. All of the Xenia players performed well, the backfield and the ends shining. Quarterback Bill LeSourd was out of the fracas with a bum leg, but Boxwell handled the team in good shape.

The lineup:

Xenia Walker Taylor, le Izor Pillsbury, Flynn I Dechant, Whitehead Sayre, lg Askin Holland, o Ice Ryan, rg Apple Mendenhall, Taylor rt, Stellar Dales, Cowan, re, C. Dechant Boxwell, qb Troxell Knee, lb b Wachter Riddell (Capt) rh b Emerick Richards, fb Buck

Scoring: Riddell, Boxwell, Bales 2, Richards, Knee, Walker Taylor, Holland, Referee; George Baldner; Umpire, Capt. Huber; Time, 12-10-10-12; Timers, Hyman-Henny.

The score:

Xenia	1	2	3	4
Germantown	0	0	0	0

Optimistic Thought.

An emperor traveling as a man has the rights of a man.

IMPORTANT SESSION OF THE CHAMBER OF COMMERCE IS HELD

A session of the Board of Directors of the Xenia Chamber of Commerce lasting several hours, was held Friday evening at which time a number of important matters, were given attention. Formal action was taken by the board accepting the property of the Xenia Business Men's association which the officers of the old association offered to turn over to the new organization without cost. The property of the association was appraised at \$1,734.

When the money which the old association paid for rent in advance is refunded the association will have sufficient funds to meet all of its obligations, making it possible to transfer all of its property to the Chamber of Commerce without cost to that organization. The money which is left in the treasury of the Xenia Business Men's association after all bills are paid will probably be turned over to the memorial fund.

Elbert Babb was chosen by the board for the important post of chairman of the forum committee. This is regarded as one of the most important committees in the organization. Several other committees were also named.

Owing to the fact that the Red Cross is to have a big meeting at the Chamber of Commerce rooms next week it was decided to suspend the forum meetings next week in order that the membership of the organization can give its full support to the Red Cross.

A candidate for the position of secretary of the organization was

viewed by the board members. Another candidate for this position will meet with the board next Tuesday evening.

REAL ESTATE TRANSFERS

Court Satterfield and Cora Satterfield to Joseph and Bertha Voorhees, lot in Xenia, \$250.

Charles E. and Nettie Conner to B. H. Cummings, two lots in Jamestown, \$1,000.

Emma Brickel Sanders to Charles T.

MIDGET PITCHER OF SOX HERO

OF WORLD SERIES.

Dick Kerr, mlt

Dick Kerr, the midget pitcher of the Chicago White Sox, the only pitcher of either team in the big series to turn in two victories, is without doubt the hero of the 1919 world championship scramble. The Sox youngster turned in a victory against the Reds in the third game and came back with another one in the sixth game, fighting an uphill battle and winning out in the tenth inning.

(Brand) MAZDA LAMPS

A Pleasant Surprise For You

A BRAND new kind of incandescent lamp—one with a tipless, milky white bulb that gives a wonderfully soft, mellow light. All the harshness is gone and yet the brilliancy remains.

See these new 50-watt white MAZDA lamps on display in our window. Better still, come in and see one lighted. That's the only way to fully appreciate the beauty of its light.

Uga and Deane.

"Tourist"—"Anything remarkable about this hill, driver?" Driver—

"There's nothing peculiar about the hill itself, but there's a queer story connected with it. A young lady and gentleman went for a walk up here; they ascended higher and higher and never came back." Tourist—"Dear, dear me! What, then, became of the unhappy pair?" Driver—"It is supposed that they went down on the other side, sir!"
